Subject: Public Comments on CF 20-1536 and CF 20-1536-S2
Dear Mr. Espinosa,

RE: CF 20-1536 and 20-1536-S2

I write to urge you to vote against the proposed STAP contract with Tranzito-Vector, LLC currently under consideration.

I urge you to vote against adopting the CEQA findings as conveyed by the Board of Public Works.

I urge you to vote against the IS/MND as presented.

I urge you to vote against the Mitigation Monitoring Program prepared for the IS/MND as attached to the BPW report of May 11, 2022.

I urge you to seek additional financial analysis of the Program's projected costs and revenues, the comparison of final bidders and the programs offered.

I urge you to request the City Attorney to comment on impacts that the proposed program may have on the City's ability to regulate off-site signage (including billboards) within the framework of past court rulings.

I urge you to request the Dept. of Transportation to review current studies related to driver distraction and changing digital billboards.

I urge you to release a red-line version of the contract showing changes made by the CAO's office.

The STAP Program will introduce more unwanted and unsafe digital signage to LA neighborhoods and public rights of way while failing to provide transit riders with adequate shade and shelter across our vast metropolitan area. The total number of proposed shelters will cover LESS THAN HALF of today's transit stops. Providing 75% of riders in each council district with a proposed shelter does not mean that the riders most in need will be provided shelter.

A final note: Under the current contract Councilmember offices all get an equal share of 50% of the revenues from the Street Furniture contract for a council district discretionary fund account. Where will any revenues go from the new program?

Thank you for your attention and consideration.

Sincerely,
Jodi Rosenbloom
4515 Camellia Ave.
Studio City, CA 91602

The STAP Program will introduce more unwanted and unsafe digital signage to LA neighborhoods and public rights of way while failing to provide transit riders with adequate shade and shelter across our vast metropolitan area. The total number of proposed shelters will cover LESS THAN HALF of today's transit stops. Providing 75% of riders in each council district with a proposed shelter does not mean that the riders most in need will be provided shelter.

A final note: Under the current contract Councilmember offices all get an equal share of 50% of the revenues from the Street Furniture contract for a council district discretionary fund account. Where will any revenues go from the new program?

Thank you for your attention and consideration.

Sincerely,
Stephanie Dahlberg

Subject: Public Comments on CF 20-1536 and CF 20-1536-S2
Dear Mr. Espinosa,

RE: CF 20-1536 and 20-1536-S2

I write to urge you to vote against the proposed STAP contract with Tranzito-Vector, LLC currently under consideration.

I urge you to vote against adopting the CEQA findings as conveyed by the Board of Public Works.

I urge you to vote against the IS/MND as presented.

I urge you to vote against the Mitigation Monitoring Program prepared for the IS/MND as attached to the BPW report of May 11, 2022.

I urge you to seek additional financial analysis of the Program's projected costs and revenues, the comparison of final bidders and the programs offered.

I urge you to request the City Attorney to comment on impacts that the proposed program may have on the City's ability to regulate off-site signage (including billboards) within the framework of past court rulings.

I urge you to request the Dept. of Transportation to review current studies related to driver distraction and changing digital billboards.

I urge you to release a red-line version of the contract showing changes made by the CAO's office.

The STAP Program will introduce more unwanted and unsafe digital signage to LA neighborhoods and public rights of way while failing to provide transit riders with adequate shade and shelter across our vast metropolitan area. The total number of proposed shelters will cover LESS THAN HALF of today's transit stops. Providing 75% of riders in each council district with a proposed shelter does not mean that the riders most in need will be provided shelter.

I urge you to vote against the Mitigation Monitoring Program prepared for the IS/MND as attached to the BPW report of May 11, 2022.

I urge you to seek additional financial analysis of the Program's projected costs and revenues, the comparison of final bidders and the programs offered.

I urge you to request the City Attorney to comment on impacts that the proposed program may have on the City's ability to regulate off-site signage (including billboards) within the framework of past court rulings.

I urge you to request the Dept. of Transportation to review current studies related to driver distraction and changing digital billboards.

I urge you to release a red-line version of the contract showing changes made by the CAO's office.

The STAP Program will introduce more unwanted and unsafe digital signage to LA neighborhoods and public rights of way while failing to provide transit riders with adequate shade and shelter across our vast metropolitan area. The total number of proposed shelters will cover LESS THAN HALF of today's transit stops. Providing 75% of riders in each council district with a proposed shelter does not mean that the riders most in need will be provided shelter.

A final note: Under the current contract Councilmember offices all get an equal share of 50% of the revenues from the Street Furniture contract for a council district discretionary fund account. Where will any revenues go from the new program?

Thank you for your attention and consideration.

Sincerely,
Rob Gallinger

RE: CF 20-1536 and 20-1536-S2

I write to urge you to vote against the proposed STAP contract with Tranzito-Vector, LLC currently under consideration.

I urge you to vote against adopting the CEQA findings as conveyed by the Board of Public Works.

I urge you to vote against the IS/MND as presented.

I urge you to vote against the Mitigation Monitoring Program prepared for the IS/MND as attached to the BPW report of May 11, 2022.

I urge you to seek additional financial analysis of the Program's projected costs and revenues, the comparison of final bidders and the programs offered.

I urge you to request the City Attorney to comment on impacts that the proposed program may have on the City's ability to regulate off-site signage (including billboards) within the framework of past court rulings.

I urge you to request the Dept. of Transportation to review current studies related to driver distraction and changing digital billboards.

I urge you to release a red-line version of the contract showing changes made by the CAO's office.

The STAP Program will introduce more unwanted and unsafe digital signage to LA neighborhoods and public rights of way while failing to provide transit riders with adequate shade and shelter across our vast metropolitan area. The total number of proposed shelters will cover LESS THAN HALF of today's transit stops. Providing 75% of riders in each council district with a proposed shelter does not mean that the riders most in need will be provided shelter.

A final note: Under the current contract Councilmember offices all get an equal share of 50% of the revenues from the Street Furniture contract for a council district discretionary fund account. Where will any revenues go from the new program?

Thank you for your attention and consideration.

Sincerely,
Beth Holden-Garland
16655 Akron Street
Pacific Palisades, CA 90272

Dear Mr. Espinosa,

RE: CF 20-1536 and 20-1536-S2

I write to urge you to vote against the proposed STAP contract with Tranzito-Vector, LLC currently under consideration.

I urge you to vote against adopting the CEQA findings as conveyed by the Board of Public Works.

I urge you to vote against the IS/MND as presented.

I urge you to vote against the Mitigation Monitoring Program prepared for the IS/MND as attached to the BPW report of May 11, 2022.

I urge you to seek additional financial analysis of the Program's projected costs and revenues, the comparison of final bidders and the programs offered.

I urge you to request the City Attorney to comment on impacts that the proposed program may have on the City's ability to regulate off-site signage (including billboards) within the framework of past court rulings.

I urge you to request the Dept. of Transportation to review current studies related to driver distraction and changing digital billboards.

I urge you to release a red-line version of the contract showing changes made by the CAO's office.

The STAP Program will introduce more unwanted and unsafe digital signage to LA neighborhoods and public rights of way while failing to provide transit riders with adequate shade and shelter across our vast metropolitan area. The total number of proposed shelters will cover LESS THAN HALF of today's transit stops. Providing 75% of riders in each council district with a proposed shelter does not mean that the riders most in need will be provided shelter.

A final note: Under the current contract Councilmember offices all get an equal share of 50% of the revenues from the Street Furniture contract for a council district discretionary fund account. Where will any revenues go from the new program?

Thank you for your attention and consideration.

I urge you to seek additional financial analysis of the Program's projected costs and revenues, the comparison of final bidders and the programs offered.

I urge you to request the City Attorney to comment on impacts that the proposed program may have on the City's ability to regulate off-site signage (including billboards) within the framework of past court rulings.

I urge you to request the Dept. of Transportation to review current studies related to driver distraction and changing digital billboards.

I urge you to release a red-line version of the contract showing changes made by the CAO's office.

The STAP Program will introduce more unwanted and unsafe digital signage to LA neighborhoods and public rights of way while failing to provide transit riders with adequate shade and shelter across our vast metropolitan area. The total number of proposed shelters will cover LESS THAN HALF of today's transit stops. Providing 75% of riders in each council district with a proposed shelter does not mean that the riders most in need will be provided shelter.

A final note: Under the current contract Councilmember offices all get an equal share of 50% of the revenues from the Street Furniture contract for a council district discretionary fund account. Where will any revenues go from the new program?

Thank you for your attention and consideration.

Sincerely,
KEVIN CONNOR

Subject: Public Comments on CF 20-1536 and CF 20-1536-S2
Dear Mr. Espinosa,

RE: CF 20-1536 and 20-1536-S2

I write to urge you to vote against the proposed STAP contract with Tranzito-Vector, LLC currently under consideration.

I urge you to vote against adopting the CEQA findings as conveyed by the Board of Public Works.

I urge you to vote against the IS/MND as presented.

I urge you to vote against the Mitigation Monitoring Program prepared for the IS/MND as attached to the BPW report of May 11, 2022.

I urge you to seek additional financial analysis of the Program's projected costs and revenues, the comparison of final bidders and the programs offered. More screens is a waste of taxpayers' money.

I urge you to request the City Attorney to comment on impacts that the proposed program may have on the City's ability to regulate off-site signage (including billboards) within the framework of past court rulings.

I urge you to request the Dept. of Transportation to review current studies related to driver distraction and changing digital billboards.

I urge you to release a red-line version of the contract showing changes made by the CAO's office.

I urge you to vote against adopting the CEQA findings as conveyed by the Board of Public Works.

I urge you to vote against the IS/MND as presented.

I urge you to vote against the Mitigation Monitoring Program prepared for the IS/MND as attached to the BPW report of May 11, 2022.

I urge you to seek additional financial analysis of the Program's projected costs and revenues, the comparison of final bidders and the programs offered.

I urge you to request the City Attorney to comment on impacts that the proposed program may have on the City's ability to regulate off-site signage (including billboards) within the framework of past court rulings.

I urge you to request the Dept. of Transportation to review current studies related to driver distraction and changing digital billboards.

I urge you to release a red-line version of the contract showing changes made by the CAO's office.

The STAP Program will introduce more unwanted and unsafe digital signage to LA neighborhoods and public rights of way while failing to provide transit riders with adequate shade and shelter across our vast metropolitan area. The total number of proposed shelters will cover LESS THAN HALF of today's transit stops. Providing 75% of riders in each council district with a proposed shelter does not mean that the riders most in need will be provided shelter.

A final note: Under the current contract Councilmember offices all get an equal share of 50% of the revenues from the Street Furniture contract for a council district discretionary fund account. Where will any revenues go from the new program?

Thank you for your attention and consideration.

Sincerely,
Sandra Lokman

Dear Mr. Espinosa,

RE: CF 20-1536 and 20-1536-S2

I write to urge you to vote against the proposed STAP contract with Tranzito-Vector, LLC currently under consideration.

I urge you to vote against adopting the CEQA findings as conveyed by the Board of Public Works.

I urge you to vote against the IS/MND as presented.

I urge you to vote against the Mitigation Monitoring Program prepared for the IS/MND as attached to the BPW report of May 11, 2022.

I urge you to seek additional financial analysis of the Program's projected costs and revenues, the comparison of final bidders and the programs offered.

I urge you to request the City Attorney to comment on impacts that the proposed program may have on the City's ability to regulate off-site signage (including billboards) within the framework of past court rulings.

I urge you to request the Dept. of Transportation to review current studies related to driver distraction and changing digital billboards.

I urge you to release a red-line version of the contract showing changes made by the CAO's office.

The STAP Program will introduce more unwanted and unsafe digital signage to LA neighborhoods and public rights of way while failing to provide transit riders with adequate shade and shelter across our vast metropolitan area. The total number of proposed shelters will cover LESS THAN HALF of today's transit stops. Providing 75% of riders in each council district with a proposed shelter does not mean that the riders most in need will be provided shelter.

A final note: Under the current contract Councilmember offices all get an equal share of 50% of the revenues from the Street Furniture contract for a council district discretionary fund account. Where will any revenues go from the new program?

Thank you for your attention and consideration.

Sincerely,
G Devine
2656 Santa Anita Ave
Altadena, CA 91001

Subject: Public Comments on CF 20-1536 and CF 20-1536-S1
Dear Mr. Espinosa,

RE: CF 20-1536 and 20-1536-S2

I know from correspondence recently received from the Mayor's Office that our outgoing Mayor is aligned with the staff and Commissioners of the Department of Public Works (who he appoints) — and the billboard lobbyists — including those supporting the awful Tranzito-Vector contract under consideration.

Please, CITY COUNCILMEMBERS . . . use your independent discretion to stand up for the people of Los Angeles! Do not move this contract forward.

First and foremost, I urge you to vote against adopting the CEQA findings as conveyed by the Board of Public Works.

I join with other knowledgeable and concerned constituents in urging you to:

- vote against the IS/MND as presented.
- vote against the Mitigation Monitoring Program prepared for the IS/MND as attached to the BPW report of May 11, 2022.
- seek additional financial analysis of the Program's projected costs and revenues, the comparison of final bidders and the programs offered.
- request the City Attorney to comment on impacts that the proposed program may have on the City's ability to regulate off-site signage (including billboards) within the framework of past court rulings.
- request the Dept. of Transportation to review current studies related to driver distraction and changing digital billboards.
- release a red-line version of the contract showing changes made by the CAO's office.

A final note: Under the EXISTING, soon-to-expire, contract ... Council Offices all get an equal share of 50% of the revenues from the Street Furniture for Council Office Discretionary Fund accounts. Where will revenues go from the new program?

Please do NOT approve this ill-considered program that benefits the billboard interests at the expense of YOUR constituents and YOUR City.

Thank you.

Sincerely,
John Welborne

The total number of proposed shelters will cover LESS THAN HALF of today's transit stops. Providing 75% of riders in each council district with a proposed shelter does not mean that the riders most in need will be provided shelter.

A final note: Under the current contract Councilmember offices all get an equal share of 50% of the revenues from the Street Furniture contract for a council district discretionary fund account. Where will any revenues go from the new program?

Thank you for your attention and consideration.

Sincerely,
Sharifa Abdul-Wahid
4170 6th Ave
Los Angeles, CA 90008

Subject: Public Comments on CF 20-1536 and CF 20-1536-S1
Dear Mr. Espinosa,

RE: CF 20-1536 and 20-1536-S2

I write to urge you to vote against the proposed STAP contract with Tranzito-Vector, LLC currently under consideration.

I urge you to vote against adopting the CEQA findings as conveyed by the Board of Public Works.

I urge you to vote against the IS/MND as presented.

I urge you to vote against the Mitigation Monitoring Program prepared for the IS/MND as attached to the BPW report of May 11, 2022.

I urge you to seek additional financial analysis of the Program's projected costs and revenues, the comparison of final bidders and the programs offered.

I urge you to request the City Attorney to comment on impacts that the proposed program may have on the City's ability to regulate off-site signage (including billboards) within the framework of past court rulings.

I urge you to request the Dept. of Transportation to review current studies related to driver distraction and changing digital billboards.

I urge you to release a red-line version of the contract showing changes made by the CAO's office.

The STAP Program will introduce more unwanted and unsafe digital signage to LA neighborhoods and public rights of way while failing to provide transit riders with adequate shade and shelter across our vast metropolitan area. The total number of proposed shelters will cover LESS THAN HALF of today's transit stops. Providing 75% of riders in each council district with a proposed shelter does not mean that the riders most in need will be provided shelter.

A final note: Under the current contract Councilmember offices all get an equal share of 50% of the revenues from the Street Furniture contract for a council district discretionary fund account. Where will any revenues go from the new program?

Thank you for your attention and consideration.

Sincerely,
John MILLER

I write to urge you to vote against the proposed STAP contract with Tranzito-Vector, LLC currently under consideration.

I urge you to vote against adopting the CEQA findings as conveyed by the Board of Public Works.

I urge you to vote against the IS/MND as presented.

I urge you to vote against the Mitigation Monitoring Program prepared for the IS/MND as attached to the BPW report of May 11, 2022.

I urge you to seek additional financial analysis of the Program's projected costs and revenues, the comparison of final bidders and the programs offered.

I urge you to request the City Attorney to comment on impacts that the proposed program may have on the City's ability to regulate off-site signage (including billboards) within the framework of past court rulings.

I urge you to request the Dept. of Transportation to review current studies related to driver distraction and changing digital billboards.

I urge you to release a red-line version of the contract showing changes made by the CAO's office.

The STAP Program will introduce more unwanted and unsafe digital signage to LA neighborhoods and public rights of way while failing to provide transit riders with adequate shade and shelter across our vast metropolitan area. The total number of proposed shelters will cover LESS THAN HALF of today's transit stops. Providing 75% of riders in each council district with a proposed shelter does not mean that the riders most in need will be provided shelter.

A final note: Under the current contract Councilmember offices all get an equal share of 50% of the revenues from the Street Furniture contract for a council district discretionary fund account. Where will any revenues go from the new program?

Thank you for your attention and consideration.

Sincerely,
Gail McMullen
1734 N Kingsley Dr Apt 4

Dear Mr. Espinosa,

RE: CF 20-1536 and 20-1536-S2

I write to urge you to vote AGAINST the proposed STAP contract with Tranzito-Vector, LLC currently under consideration. STOP bus shelter e-ad blight! Prevent Los Angeles from looking more and more like a scene from "Blade Runner."

I urge you to vote against adopting the CEQA findings as conveyed by the Board of Public Works.

I urge you to vote against the IS/MND as presented.

I urge you to vote against the Mitigation Monitoring Program prepared for the IS/MND as attached to the BPW report of May 11, 2022.

I urge you to seek additional financial analysis of the Program's projected costs and revenues, the comparison of final bidders and the programs offered.

I urge you to request the City Attorney to comment on impacts that the proposed program may have on the City's ability to regulate off-site signage (including billboards) within the framework of past court rulings.

I urge you to request the Dept. of Transportation to review current studies related to driver distraction and changing digital billboards.

I also urge you to release a red-line version of the contract showing changes made by the CAO's office.

The STAP Program will introduce more unwanted and unsafe bright, ugly digital signage to LA neighborhoods and public rights of way while failing to provide transit riders with adequate shade and shelter across our vast metropolitan area. The total number of proposed shelters will cover LESS THAN HALF of today's transit stops. Providing 75% of riders in each council district with a proposed shelter does not mean that the riders most in need will be provided shelter.

A final note: Under the current contract Councilmember offices all get an equal share of 50% of the revenues from the Street Furniture contract for a council district discretionary fund account. Where will any revenues go from the new program?

Thank you for your attention, consideration, and swift action!

Subject: Public Comments on CF 20-1536 and CF 20-1536-S1
Dear Mr. Espinosa,

RE: CF 20-1536 and 20-1536-S2

I write to urge you to vote against the proposed STAP contract with Tranzito-Vector, LLC currently under consideration.

I urge you to vote against adopting the CEQA findings as conveyed by the Board of Public Works.

I urge you to vote against the IS/MND as presented.

I urge you to vote against the Mitigation Monitoring Program prepared for the IS/MND as attached to the BPW report of May 11, 2022.

I urge you to seek additional financial analysis of the Program's projected costs and revenues, the comparison of final bidders and the programs offered.

I urge you to request the City Attorney to comment on impacts that the proposed program may have on the City's ability to regulate off-site signage (including billboards) within the framework of past court rulings.

I urge you to request the Dept. of Transportation to review current studies related to driver distraction and changing digital billboards.

I urge you to release a red-line version of the contract showing changes made by the CAO's office.

The STAP Program will introduce more unwanted and unsafe digital signage to LA neighborhoods and public rights of way while failing to provide transit riders with adequate shade and shelter across our vast metropolitan area. The total number of proposed shelters will cover LESS THAN HALF of today's transit stops. Providing 75% of riders in each council district with a proposed shelter does not mean that the riders most in need will be provided shelter.

A final note: Under the current contract Councilmember offices all get an equal share of 50% of the revenues from the Street Furniture contract for a council district discretionary fund account. Where will any revenues go from the new program?

Thank you for your attention and consideration.

Sincerely,
Damon Brown
3536 Cloverdale Avenue
Los Angeles, CA 90016
