**Comments for Public Posting:** The SAFER LA order CONTINUES to apply to parks and recreation facilities across the city. As a result of this lack of alignment with State, County, and LAUSD policies, thousands of kids, often from our most underserved communities, are forced to PLAY SPORTS while wearing masks and their parents must be masked and vaccinated to watch (which also completely disregards the latest CDC guidance). This policy is unscientific, ridiculous, and abusive towards children who have always been the least at risk and most severely impacted by COVID restrictions. Please change this immediately for kids all over who deserve normalcy and mental health after the last two years.

**Comments for Public Posting:** Please end the Covid Emergency Motion. It has been in place for too long and is no longer needed.

**Comments for Public Posting:** The SAFER LA order CONTINUES to apply to parks and recreation facilities across the city. THIS IS SHAMEFUL AND DISGUSTING. **Comments for Public Posting:** The pandemic is over and masking has proven not to be better than not masking for overall death rate. It's time to end the "emergency" and save it for when there is a real emergency like an 8.0 earthquake.

**Comments for Public Posting:** The only reason for the City Council's continued vote to extend the eviction moratorium for 30 days over and over again ad nauseum in this state of non-emergency is to drive out the mom and pop landlords, plain and simple. LA is prime real estate for rich investors and developers. Realtors have been chomping at the bits for my parents to sell their Hollywood apartment for years so that they could mow it down and build a condo, which does nothing to help affordable housing that the Mayor and City Council keep preaching about all the time. Hypocrites! It's ironic that Eric is being sent to India as ambassador, a third world country. I wonder if he's going to make it a fourth world country (if there is such a term) like he did to LA but I digress. City Council wake up now! End the eviction moratorium now!
