Dear Members of the City Council:

RE: **RENEWED APPEAL FOR TRANSPARENT ACTION and SUPPORT of HARRIS-DAWSON/BONIN/RODRIGUEZ MOTION (File # 22-0987)**

We write to urge your support of the motion brought forth this past Friday by Council Members Harris-Dawson, Bonin and Rodriguez. We thank them for heeding our ***Appeal For Transaction Action***, forwarded to the entire City Council on Wed., August 24th.

Prior to that, the Council was afforded two community-driven and constituent-informed reports: preliminary (March 22nd) and final (July 26th) entitled ***A Framework for Transparent and Accountable Representation***.

For months, the Southern Christian Leadership Conference – Southern California and Council District 10 (CD10) voters argued in court that the Tenth District deserves better than being represented by any individual who was not legally eligible to serve.

Now that a court has issued a preliminary injunction (August 22nd) barring the Council's hastily appointed, temporary replacement from unlawfully serving as CD10's representative, he has suddenly chosen to "resign" (August 25th).

We strongly believe a more transparent and accountable selection process must be used if a new temporary appointee is selected by the Council. The Council has already denied us the full expression of our hard fought right to vote. The District's constituents and stakeholders have endured more than enough harm and disrespect.

As stated in the motion calling for transparency, "Before considering or voting on any potential appointment to fill the seat, the City Council needs a detailed public discussion of the full range of available scenarios."

Respectfully, there seems to be a non-inclusive rush to judgment again. Isn't that what led to a court action that did not favor the City Council? In fact, the Council's hasty missteps reflect poorly on a City that values democracy, transparency and due process.

We encourage the Council to neither act hastily nor with hostility, but instead to reach out and work with a broad cross section of District 10 constituents and stakeholders to find a suitable community-driven path forward.

**Comments for Public Posting:** Council President Martinez, Thank you, for the hard work that you do & we are grateful for your service. My husband's parents purchased their home in Leimert the year 1957 sixty five years ago. Yes, we still own the house in Leimert, our home is in Crenshaw Manor which we have been here for 31 years. Also we own apartment buildings in Baldwin Village for 55 years, we are invested in our community. It is imperative the Council District 10 have Heather Hutt to be appointed with full voting privileges. It would be unfair to the 250,000 residents not having representation on the council for any period of time. Best regards, Earlene Anderson

**Comments for Public Posting:** As a resident of CD10, I support you appointing Heather Hutt as a voting representative for Council District 10. As a district we need representation. WE CANNOT wait for our Councilmember to be cleared of charges. City business continues everyday and the residents of CD10 DO NOT have a voice at the table. I beg you and all the members to appoint Heather Hutt as voting representation for CD10. Billie J. Green
