**Comments for Public Posting:** Our neighborhood is being completely changed by this massive high density project! At the least we should get a Cul de Sac consistent with our adjacent Mansfield street if this builder gives in a few inches from the east side they are acquiring from Carling ! We do not need awkward looking bollards when a Cul de sac is doable. Specially while they are requesting to reduce their # of parkings now! The notion that builder is telling us the proposal of cul-de-sac is impossible and encroaches the sidewalk that belongs to the city/others is false and misleading. Cul-de-sac can be strategically designed and the circumference can be moved closer to Highland/ Curling Side and/ or North of Citrus without any encroachments.
