

**MOTION**

The City of Los Angeles's Economic and Workforce Development Department (EWDD)'s network of 14 YouthSource Centers around the city provide young Angelenos ages 14 to 24 years old the support and resources they need to succeed in school and life. The Youth Source Center located in Pacoima has experienced a change in operators in recent years. The Pacoima Youth Source Center is now operated by El Proyecto del Barrio, Inc.

El Proyecto del Barrio's mission is to provide health and human services in communities with underserved populations. El Proyecto Youth Source Centers provide comprehensive employment and training services for youth throughout the San Fernando Valley. Their services are aimed at ensuring that young people with barriers to employment or education get the skills required to enter the workforce based on economic demands and preparation for key business sectors and emerging industries.

As Proyecto del Barrio is now serving as the contracted provider for Youth Source services in the Northeast San Fernando Valley, it is appropriate to update a lease agreement with the organization.

**I THEREFORE MOVE** that the Department of General Services, with the assistance of the City Attorney, be directed to negotiate and execute a non-profit lease agreement with El Proyecto del Barrio, Inc. for a one year term, with four one-year extension options for the City-owned building at 11844 Glenoaks Boulevard, Los Angeles, California 91340, which should exclude the floor area occupied by the Los Angeles Police Department's Jeopardy Program.
