For additional information regarding facilities and features available in these parks visit our website: www.laparks.org.

2. Does the City have any plans to develop new parks or recreational facilities or expand existing parks or recreational facilities within a two-mile radius of the project site?

No.

3. What is the area's existing parkland acres-to-population ratio and what is the desired acres-to-population ratio?

The Wilshire Community Plan Area, within which the project is located, has a parkland acres-to-population ratio of neighborhood and community parks of 3.2 acres per 1,000 residents. The Public Recreation Plan, a portion of the Service Element of the City's General Plan, sets a goal of a parkland acres-to-population ratio of neighborhood and community parks of 4.0 acres per 1,000 residents.

Thank you for the opportunity to provide information relative to the proposed project's impact on recreation and park services. Most subdivision projects that contain more than fifty residential dwelling units are required to meet with the Department of Recreation and Parks prior to filing in order to discuss any potential dedication requirements. If you have any questions or comments regarding this information, please contact the RAP Park Staff at (213) 202-2682 or rap.parkfees@lacity.org.

Sincerely,
