Comments for Public Posting: I deplore your actions. Other than the 3 votes against emergency extension, the rest of you just want an easy way out. Snarky liars is what you are. How about you all get 50% of your salaries retroactively from this year until the time you keep extending the emergency and moratorium ? You guys have discriminated against small landlords, segregated and illusion and false propoganda that somehow small landlords are able to sustain while advocating tenants not to pay and there is nothing that landlords can do to them !!! What kind of a mafia system do you run in city council and housing department ? I really wish that you realize what it is like to be a small landlord and put through the same ringer as you guys are putting us through. karma is a bitch . You and your tenants will have to bear the fruit of karma.
