**Council File No:** 22-0002-S118

**Comments for Public Posting:** Please vote to endorse the Plant Based Treaty for Los Angeles. Los Angeles has always been a leader in progressive, timely change. Animal welfare and environmental protection are two issues California voters have proven their concern for. Endorsing the Plant Based Treaty would be a crowning achievement for a city at the epicenter of revolutionizing the way large cities alleviate their impact on the natural spaces they occupy. Please vote to endorse the Plant Based Treaty. This is an opportunity that will undoubtedly blaze a trail for other large cities across the world to champion environmental and animal protection measures. Thank you!

**Council File No:** 22-0002-S118

**Comments for Public Posting:** Please sign onto the Plant Based Treaty. LA is a progressive city and should be doing everything it can to be more green—which means championing vegan lifestyles. Animal products kill billions of animals and harm our planet more than any other industry.
