**Comments for Public Posting:** I am writing on behalf of SUPPORTING this motion, file # 22-0002-S118, for the City of Los Angeles to endorse the Plant Based Treaty. Factory farming and the consumption of animal products is destroying our health, killing the planet, and of course contributing directly to the unspeakable suffering and death of billions of animals. In year 2022, there are so many delicious plant-based alternatives. These foods need to be readily available, reasonably priced, and should be eclipsing the junk and fast food options. <https://www.veganeasy.org> Eat plants, plant trees!
