Comments for Public Posting: Clean up the encampments and this will solve a lot of the problems. The clear ADA violations of allowing them on sidewalks is ridiculous. Add in the lack of safety of having to traverse these congested, disgustingly filthy sidewalks and bus stops. Allow park rangers to be able to clean out the parks and this will allow all people to feel safe. Stop supporting the defund police movement and Gascon created policies. Start allowing law enforcement to be called to meet the bus when there is a crazy transient on them. I ride the bus every day and have for over 30 years and it was never like this. YOU ALL created all these problems by allowing all the progressive, soft on crime, policies and NOW you want studies on how to improve ridership and women/children all others to feel safe and utilize your programs? Y'all are tone deaf and short sighted.
