Comments for Public Posting: Dear Council President Nury Martinez: Although I am grateful that you put forth this Motion on increasing safety in the San Fernando Valley. I would like to remind you to please consider Healthy Streets LA (HSLA) when developing and implementing safety measures. We encourage you to strongly consider bicycle infrastructure as well when developing and implementing the Mobility Plan. We need measures such as road calming measures that would slow the speed of motorists (ex: Traffic Calming Methods). We need more Bicycle *Safety* Infrastructure in the East San Fernando Valley. We need to take Public Safety more seriously when it comes to Traffic Violence. Please, council president Martinez. I am dedicated to public safety for all.
