Council File No: 22-1146

Comments for Public Posting: Dear Los Angeles City Representatives: I am a board member of the Sun Valley Area Neighborhood Council (SVANC), but I am writing as an individual only. I am writing to you because there have been reports and complaints from other Neighborhood Council board members who have expressed frustration about how the Community Impact Statements (CIS) are not being properly processed and/or not reaching their destinations. I became aware of this when I first heard from another board member who sent an e-mail. I am asking the city council and the Department of Neighborhood Empowerment (DONE); including Information Technology Department to fix this issue. The City Clerk Council File Management System and Community Impact Statement (CIS) Portal are out-of-date, and in need of software and security upgrades. The websites are out-of-date. Thank you, Lionel Mares.
