if the Facilities need to be relocated outside any public streets, Grantor will provide Grantee with the requisite easements or property rights for the new location;

WHEREAS, also in connection with the LAMP Project, Grantor seeks recordation of that certain Tentative Tract Map No. 74322 (the "Tract Map"), and the Tract Map as contemplated would cause the Facilities to be located outside the public streets; and

WHEREAS, for the public purpose served by the LAMP Project and in support of aviation at the Airport, this Agreement provides for grant of an easement for the Facilities in and to that certain portion of the City Property, and good and valuable consideration for granting such easement exists including, but not limited to, Grantee's affirmative consent and agreement to recordation of the Tract Map.

AGREEMENT

NOW, THEREFORE, in consideration of the mutual covenants contained herein and the recitals above, which shall be deemed substantive provisions hereof and are incorporated herein by this reference, and further consideration as described herein, the parties agree as follows:

1. Grant of Easement. Grantor hereby GRANTS to Grantee a non-exclusive easement in, under, on, over, along, and across that certain strip of land located in the City of Los Angeles, County of Los Angeles, California, more particularly described in **Exhibit "A-1"** and more particularly depicted in Plat Map attached hereto as **Exhibit "A-2"**, both of which Exhibits are attached hereto and incorporated herein by this reference (the "Easement Area"), for the Easement Purpose as defined in Section 2 of this Agreement ("Easement"), on the terms and conditions set forth in this Agreement, and subject to the following reservations and conditions:

(a) Covenants, conditions, restrictions, easements, reservations, rights-of-way, and other matters of record, or otherwise ascertainable by survey or visual inspection, including but not limited to matters set forth in the Tract Map No. 74322 to be recorded contemporaneously herewith.

(b) Grantor reserves all of the oil, gas, mineral, water, or other subsurface rights in and under the Easement Area.

(c) Grantee shall have no right to install, construct, maintain, or operate any improvements, fixtures, or equipment on the surface, aerial, or above ground areas of the Easement Area, which are not immediately necessary for the use, operation, and maintenance of the Facilities.

(d) Grantee shall not fence or obstruct the Easement Area.

(e) Grantor reserves the right to use any surface or subsurface areas, and any aerial and aboveground areas, for any lawful purpose (including but not limited to, improving the Easement Area with landscaping, paved driveways, parking surfaces, sidewalks, curbs, gutters, lighting fixtures, fences, and other facilities and utilities), provided that such use does not

unreasonably or substantially interfere with Grantee's nonexclusive easement granted herein, and provided further that before Grantor makes any improvement involving a change of grade, Grantor shall notify Grantee in advance and comply with underground service alert notification requirements set forth in Government Code Sections 4216, et seq.

(f) Grantor reserves the right to grant any additional right, title, and interest (including, but not limited to, easements and licenses) over, across, along, and under the Easement Area to other persons or entities, and to maintain and improve the Easement Area, provided that Grantee's nonexclusive easement granted hereunder shall not be substantially impaired.

(g) Grantor reserves the right of air passage with inherent noise, odors, and vibration (which shall not be deemed to be a nuisance or trespass at any time).

(h) There shall be no interference with Airport takeoffs and landings at any time.

(i) There shall be no obstruction of, or interference with, air navigation or communication facilities.

(j) To the extent applicable, Grantee shall comply with the Airport rules and regulations, and with all laws and regulations (including but not limited to the City and Federal Aviation Administration ["FAA"] regulations).

2. Easement Purpose. The "Easement Purpose" collectively means the use of the Easement Area as is necessary, desirable, or advisable for Grantee: (a) to use, maintain, alter, repair, replace, inspect, and/or remove the Facilities and such other improvements, fixtures, and equipment necessary for the use, maintenance, and operation of the Facilities; and (b) for vehicular and pedestrian ingress and egress by Grantee and its authorized employees, contractors, licensees, and agents, with vehicular access limited to roadways, driveways, and parking areas within the Easement Area; and for no other purpose.

3. Consideration. The Easement is granted for good and valuable consideration, including, but not limited to, Grantee's affirmative consent and agreement to recordation of the Tract Map.

4. General Conditions on Easement.

4.1. Liens Prohibited. Grantee shall not cause the Easement Area or the City Property to be encumbered by liens, including mechanic's liens, as a result of its use, maintenance, or operation of the Facilities. Grantee shall immediately remove, by payment, bonding or otherwise, any mechanic's liens or encumbrances on the Easement Area or any City Property arising out of activities conducted on Grantee's behalf. In the event that Grantee does not, within thirty (30) calendar days following the imposition of any such lien, cause such lien to be released of record by payment or posting of a proper bond, Grantor shall have, in addition to all other remedies provided herein and by law, the right, but not the obligation to cause, upon ten (10) business days prior written notice to Grantee, the same to be released by such means as it shall

deem proper, including payment in satisfaction of the claim giving rise to such lien. All such sums paid by Grantor and all expenses incurred by it in connection therewith, including costs and attorneys' fees, shall be paid by Grantee to Grantor within ten (10) business days of written demand therefor.

4.2. Removal or Abandonment of the Facilities. In the event the use of any Facilities is discontinued, notwithstanding anything to the contrary herein or any other agreement between the parties, Grantor, in its sole and absolute discretion, may require Grantee to excavate and remove, or alternatively, abandon in place and cut and cap any Facilities and the equipment and appurtenances related thereto. Moreover, Grantee shall promptly notify the Board (as defined below) of any material discontinuance and remove from the Easement Area all Facilities involved, other than such Facilities that Grantor and the Board may permit to be abandoned. (As used herein, the term "Board" shall mean the Board of Public Works or its designee, or where context indicates appropriate, another governmental agency or department of the City or of the County of Los Angeles or State of California, to the extent it may have jurisdiction over the Easement Area.) If the Board authorizes certain Facilities to be abandoned in place, such abandonment shall be completed in accordance with the requirements of the Board. Moreover, upon abandonment of any Facilities and upon request by the Board, Grantee shall submit to the City of Los Angeles Department of Public Works (the "Department") an instrument, approved by the City Attorney, transferring to the City the ownership of such abandoned Facilities.

4.3. Relocation of the Facilities. Grantee shall, at its expense, protect, support, temporarily disconnect, relocate in the Easement Area, or remove from the Easement Area any Facilities when required by the Board by reason of traffic conditions, public safety, street vacation, freeway construction, change or establishment of street grade, street maintenance requirements, or the construction of any public improvement or structure by the City or any governmental agency of the City, in each case acting in a governmental capacity, provided that with respect to the facilities within a California State freeway which was not a California State highway at the time the facilities were originally, the obligations of the Grantee shall be as provided by Applicable Law (as defined in Section 5 below) and by any agreements between the Grantee and the State of California as may be applicable, and further provided that with respect to work done for the benefit of any non-governmental entity, Grantee is not precluded from recovering the cost and expense of such work from such entity, unless provided otherwise by Applicable Law. Nothing herein, however, is intended to modify or limit the provisions of California Public Utilities Code §6297 (and as amended) or the judicial appellate decisions of the State of California interpreting California Public Utilities Code §6297 (and as amended).

5. Compliance with Laws. Grantee shall ensure that the Facilities, its use of the Easement Area, and any activities under this Agreement fully comply with any applicable statute, law, treaty, rule, regulation, ordinance, code, permit, enactment, injunction, order, writ, decision, authorization, judgment, decree, or other legal or regulatory determination or restriction by a court or governmental authority of competent jurisdiction, including any of the foregoing that are enacted, amended, or issued after the execution, delivery, and recordation of this Agreement, and which becomes effective after the execution, delivery, and recordation of this Agreement, or any binding interpretation of the foregoing (collectively, "Applicable Laws"). Without limiting the generality of the foregoing, Applicable Laws includes Airport rules and regulations, restrictions

and orders of any federal, state, or local government authority having jurisdiction over the Easement Area, including but not limited to, the FAA and the City of Los Angeles. Moreover, Grantee acknowledges that the Easement Area is located in the Airport, regulated by FAA, which may impose certain height restrictions and other regulations on any improvements, fixtures, or equipment, including the Facilities. Grantee shall comply with such height restrictions and regulations at its sole cost. Notwithstanding that the Facilities may be in compliance with Applicable Laws then in effect at the time of the grant of this Agreement, if the Facilities later become non-compliant for any reason (for example, amendment of Applicable Laws), Grantee shall immediately remove or modify the Facilities to bring them into compliance with Applicable Laws. The grant of Easement shall not relate to, constitute a waiver of, supersede or otherwise limit or affect the rights or prerogatives of the City of Los Angeles as a government, including the right to enact, amend or repeal any Applicable Laws, which may affect the Easement Area and the Facilities thereon. Moreover, Grantor shall not be liable to Grantee for any diminution or deprivation of Grantee's rights under this Agreement which may result from Grantee's obligation to comply with any and all Applicable Laws on account of the exercise of any such authority as is provided in this Section.

5.1. Use and Maintenance in Conformance with Pipeline Laws. All Facilities authorized hereunder shall be used, maintained, and operated in accordance with the Pipeline Code, the Pipeline Safety Act, the California Public Utilities Code, California Public Utilities Commission regulations for pipelines, and any other Applicable Law, to the extent applicable to the Facilities, as amended from time to time. As used herein, the "Pipeline Code" means the federal, state, and local laws (and the regulations and orders adopted thereunder) to the extent applicable to the Facilities including, but not limited to, CPUC General Order No. 112-F, entitled "Rules Governing Design, Construction, Testing, Operation and Maintenance of Gas Gathering, Transmission, and Distribution Piping Systems," the United States Code of Federal Regulations Title 49, Subchapter D, Parts 190 through 199 as amended from time to time, and, to the extent not preempted by the foregoing, the LAMC, as amended from time to time. "Pipeline Safety Act" means the Elder California Pipeline Safety Act of 1981 as set forth in Chapter 5.5 of the California Government Code, as amended from time to time.

6. Maintenance. Grantee shall, at its sole cost, at all times maintain and keep the Facilities and the surrounding Easement Area in good order and repair. Without limiting the generality of the foregoing, Grantee shall promptly repair any leaks or breaks in the gas system in accordance with procedures approved by the Public Utilities Commission. If the Easement Area or any part thereof is damaged thereby or from any cause arising from the operation or existence of the Facilities, Grantee shall backfill, place surfacing, and otherwise repair the damaged portions thereof in accordance with the City Municipal Code and notify the Board. If any private property is damaged by leaks or breaks in the gas system or from any cause arising from the operation or existence of the Facilities, Grantee shall pay all damages or compensation to which the owners thereof are entitled and repair the Facilities to protect such damaged private property from further damage. In connection with Grantee's maintenance and repair of the Facilities and the Easement Area, Grantee shall give a written notice of not less than seven (7) days prior to entry onto the Easement Area, and Grantor may require Grantee to reschedule the requested entry for a date or time different from that provided in the written notice in order to avoid interference with use of the Easement Area by Grantor or other permitted users. Upon completion of any digging,

excavation, or grading any part of the Easement Area or the area of the Facilities, Grantee shall leave such excavation or graded area and the surrounding areas in the substantially same grade and condition as they were in prior to such digging, excavation, or grading.

6.1. Right of Clearance. Grantee shall have the right, at its sole cost, at reasonable times, to reasonably trim or remove trees, brush or material to prevent danger or hazard to property or persons.

7. No Nuisance. Grantee shall not (or cause or permit others to): (a) unreasonably interfere with, disrupt, or adversely affect Grantor's right, title, and interest in and to the Easement Area or its use and enjoyment of same, (b) unreasonably interfere with the rights of other permitted users of the Easement Area, or (c) use the Easement Area in any way which constitutes a nuisance or waste.

8. Inspection and Records. At all reasonable times, Grantee shall permit any duly authorized representative of the Board or authorized officer, employee, or contractor of the City to examine all Facilities, together with any appurtenant property of Grantee situated in or outside the City, and to examine and transcribe any and all maps, and other Records (as defined below) kept or maintained by Grantee or under its control, which respect to the operations, affairs, transactions, or facilities of Grantee, with respect thereto. If any such maps, or other Records are not kept in the City, or upon reasonable request made available in the City, and if the Board determines that an examination of these is necessary or appropriate to the performance of any of its duties, then all travel and maintenance expense necessarily incurred in making the examination shall be paid by Grantee.

Grantee shall prepare and furnish to the Board, at all times and in the form prescribed by the Board, data and reports, with respect to its operations, affairs, transactions, or finances of the Facilities, as may be reasonably necessary or appropriate to the performance of any of the duties of the Board or the Department in connection with this Agreement. As used herein, "Records" means Grantee's records, regardless of form, including physical, digital, and electronically stored information, including, but not limited to, records of income, expenditures, finance, charts, diagrams, ledgers, pictures, drawings, as well as Geographic Information System (GIS) locational data, photographs, and notes, which relate to the placement, location, operation, and maintenance of the Facilities, which are both for the purpose of, and necessary to, verify Grantee's compliance with the terms in this Agreement.

9. Indemnity and Waiver. Grantee shall indemnify, defend, and hold Grantor harmless from and against any and all claims, liabilities, damages, proceedings, actions, costs, including, without limitation, attorneys' fees (collectively, "Claims"), arising from, related to, or claimed by anyone by reason of injury or death of any persons (including their agents, contractors, and employees), damage or destruction of any property, or any and all other losses founded upon or alleged to arise out of, pertain to, or related to: (a) Grantee's use or occupancy of the Easement Area, (b) acts or omissions of Grantee, or (c) any breach or default under this Agreement; provided, however, indemnity set forth under this Section 9 shall not apply to any harm, injury, death, or damage to the extent caused by the sole or active negligence or willful misconduct of Grantor. Grantee shall defend Grantor against any covered Claims at Grantee's expense with counsel

reasonably acceptable to Grantor or, at Grantor's election, Grantee shall reimburse Grantor for the actual legal fees or costs incurred by Grantor in connection with any Claims. As a material part of the consideration to Grantor, Grantee assumes all risk of damage to its property or injury to persons in or about the Easement Area arising from any cause, and Grantee hereby waives all Claims in respect thereof against Grantor. The term "Grantee" as used in clauses (a) and (b) of this Section 9 shall include Grantee and its boards, officers, agents, servants, employees, assigns, and successors in interest, and the term "Grantor" shall include Grantor, its boards, officers, agents, servants, employees, assigns and successors in interest. Should this Agreement be terminated by reason of Grantee's abandonment of the Easement or otherwise, the provisions of this Section 9 shall survive the termination of this Agreement.

Moreover, Grantee hereby waives any and all Claims that Grantee may have now or in the future against Grantor in connection with the recordation of the Tract Map. Grantee expressly acknowledges and agrees that all rights under Section 1542 of the California Civil Code are expressly waived. That section provides:

A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS THAT THE CREDITOR OR RELEASING PARTY DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE AND THAT, IF KNOWN BY HIM OR HER, WOULD HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR OR RELEASED PARTY.

10. Insurance. Grantee shall obtain and at all times keep in full force and effect, at its own expense, a commercial general liability and an auto insurance with adequate coverage amounts and from reputable providers, naming the Grantor and LAWA as additional insureds. In lieu of such insurance policies, Grantee shall have the right to adequately self-insure, and such self-insurance shall be deemed to have satisfied the obligations under this Section 10.

11. Environmental Matters.

11.1. Grantee's Clean-up Obligations.

11.1.1. In the case of any Hazardous Substance (as defined below) spill, leak, discharge, release or contamination by Grantee or its employees, servants, agents, contractors, or subcontractors on the City Property or any part thereof, or as may be discharged or released in, on or under adjacent property which affects other property of Grantor or its tenants, Grantee agrees to make or cause to be made any necessary corrective actions to clean-up and remove any such spill, leakage, discharge, release or contamination ("Clean-up"). If Grantee fails to repair, clean up, properly dispose of, or take any other corrective actions as required herein, Grantor may (but shall not be required to) take all steps it deems necessary to properly repair, clean up, or otherwise correct the conditions resulting from the spill, leak, discharge, release or contamination. Any such repair, cleanup, or corrective actions taken by Grantor shall be at

Grantee's sole cost and expense and Grantee shall indemnify and pay for and/or reimburse Grantor for any and all costs (including any administrative costs) Grantor incurs as a result of any repair, clean up, or corrective action it takes. Grantee's obligation to Clean-up Hazardous Substances is without regard to whether the obligation for such compliance is placed on the owner of the land, the owner of the improvements or on the user of the improvements.

11.1.2. Grantee shall promptly notify Grantor upon discovery of any Hazardous Substances released or spilled by Grantee or its employees, servants, agents, contractors, or subcontractors. Prior to taking any Clean-up action, except in the case of emergency, Grantee shall provide Grantor with written notification of all Clean-up action Grantee proposes to take and the consultants or contractors that will perform such Clean-up action and shall proceed with such action only upon receipt of written approval by Grantor, except in the case of spill response required by Environmental Laws (as defined below). Grantee shall not perform any Clean-up activities without the express written permission of Grantor, unless delay by Grantor in approving said Clean-up activities would result in violations of Environmental Laws in which case Grantee shall promptly notify and coordinate with Grantor with respect thereto. Moreover, Grantee shall obtain all necessary permits and approvals needed for these Clean-up activities. Grantee shall also promptly repair any damage to the City Property caused by Grantee's Clean-up activities. If Grantee fails to timely and completely perform the Clean-up required under this Section 11.1, Grantor may, but shall not be obligated to, take Clean-up action. Grantee shall promptly reimburse Grantor for the expenses Grantor incurs in providing these Clean-up actions.

As used herein, "Environmental Laws" shall mean laws, ordinances, statutes, rules, regulations, requirements of local, state and federal entities, (whether now existing or hereinafter enacted or promulgated, as they may be amended from time to time) pertaining to environmental regulations, spill prevention, contamination, Clean-up or reporting, and any applicable judicial or administrative requirements thereof including any order or judgments, including without limitation, the Comprehensive Environmental Response, Compensation and Liability Act of 1980, 42 U.S.C. §§ 9601 et seq., ("CERCLA" or "Superfund"); the Resource Conservation and Recovery Act, 42 U.S.C. §§ 6901 et. seq. ("RCRA"); the Clean Water Act, 33 U.S.C. §§ 1251 et seq. ("CWA"); the Clean Air Act, 42 U.S.C. §§ 7401 et seq.; the Toxic Substances Control Act, 15 U.S.C. §§ 2601 et. seq. ("TSCA"); the Hazardous Materials Transportation Act, 49 U.S.C. Appx. §§ 1801 et seq. ("HMTA"); the California Environmental Quality Act ("CEQA"), or any other applicable federal or state statute or municipal ordinance regulating the generation, storage, use, containment, disposal or Clean-up of any Hazardous Substance (as hereinafter defined) or providing for the protection, preservation or enhancement of the natural environment; any rules or regulations promulgated pursuant to any of the foregoing statutes or ordinances, including but not limited to laws relating to groundwater and surface water pollution, air pollution, transportation, storage and disposal of Hazardous Substances, storm water drainage and underground and above ground storage tanks, and any amendments, modifications or supplements of any such statutes, ordinances, rules and regulations, and RWQCB, DTSC or fire department directives and orders.

"Hazardous Substance(s)" shall mean:

(a) Any substance the presence of which requires the investigation or remediation under any federal, state or local statute, regulation, rule, ordinance, order, action, policy or common law; or

(b) Any substance which is or becomes defined as a hazardous waste, extremely hazardous waste, hazardous material, hazardous substance, hazardous chemical, toxic chemical, toxic substance, cancer causing substance, substance that causes reproductive harm, pollutant or contaminant under any federal, state or local statute, regulation, rule or ordinance or amendments thereto, including, without limitation, the CERCLA (42 U.S.C. Section 9601 et seq.) and/or the RCRA (42 U.S.C. Section 6901 et seq.); or
