Hi, my name is Ayan Ortega and I'm a constituent in your district writing to share my support of the Fair Workweek Ordinance. I urge you to support bringing scheduling and income stability to 70,000 workers in LA.

The retail industry is the second largest employer in Los Angeles, with a majority of workers from communities of color and identifying as women. As we move towards recovery from this unprecedented pandemic, a comprehensive Fair Workweek policy will make retail and grocery work more just, make jobs in this sector sustainable, and help uplift our communities who have been most impacted by the pandemic.

**With your support, the City of Los Angeles can provide our retail and grocery workers with access to high quality jobs and scheduling stability that affords them a good quality of life, positive work-life balance, dignity, and respect.**

Thank you,
