**Comments for Public Posting:** I am writing to urge the LA Council to please adopt the Plant Based Treaty. We are at a crossroads in terms of global warming, and animal agriculture is the leading cause of it. We owe it to future generations to address this problem. The Plant Based Treaty focuses on: RELINQUISH, REDIRECT, RENEW. 1. No land use change, ecosystem degradation or deforestation for animal agriculture. 2. An active transition away from animal-based food systems to plant-based systems. 3. Actively restoring key ecosystems, particularly restoring forests and re-wilding landscapes.
