

LASAN Update to SB-1383 Short-Lived Climate Pollutants

Presented to EECEJR Committee

Prepared by LA Sanitation & Environment

October 6, 2022

Why is LASAN Requesting An Organic Ordinance?

2

- ❑ **The State of California through CalRecycle is requiring every Jurisdiction (City , County , special districts) in the State of California to provide organic waste collection services to all residents and businesses.**
- ❑ The ultimate State objective is to have a uniform organic recycling program across the entire State.
- ❑ The State has developed a Model Ordinance that is very descriptive.
- ❑ To be in Compliance with the State , jurisdiction have to adopt an ordinance that capture all the elements of the Model Ordinance.
- ❑ The Model Ordinance provided by the State/ CalRecycle has already been adopted by most of the Cities/ Counties in CA.

SB 1383 Requirements for Jurisdictions

3

Route Reviews

Inspections

Educate Violators

Compliance Monitoring & Enforcement 2024

Annual Compliance Review

Route Reviews

Inspections

Notices of Violations

Penalties for Violations

CalRecycle is authorized to conduct compliance evaluations of jurisdictions and assess penalties for failure to comply

Council Motions 21-1208 and 22-0600-S52

4

City Council instructed LASAN to:

- Expand the residential organics collection program from 18,000 to 40,000 residential customers starting July 1, 2022 and to 750,000 residential customers by December 31, 2022.

LASAN's Approved Compliance Plan

5

Consistent with the ECCEJR committee instructions, LASAN prepared an implementation timeline addressing the deficiencies and gaps identified by CalRecycle.

- ❑ On June 2, 2022, LASAN transmitted a compliance plan to CalRecycle.
- ❑ On June 21, 2022 CalRecycle Board approved LASAN's compliance plan.
- ❑ The plan contemplates:
 - ❑ Organics expansion to all curbside customers by December 2022
 - ❑ Phased outreach to all recycLA customers.
 - ❑ Requirement for organics service becomes effective for all customers at the time the ordinance becomes effective.
 - ❑ Council Consideration of a SB 1383 Ordinance by Winter 2022.

LASAN Update to Council Motions

21-1208

6

City Council requests City Attorney to draft an ordinance that addresses all of the elements of SB 1383	Fall 2022	Recommendation in LASAN report
Council consideration of the City Attorney SB 1383 draft Ordinance	Winter 2022	

SB 1383 Enforceable Ordinance As Required By The State / CalRecycle

7

- ❑ Require that all single family residential, multifamily residential and commercial properties must participate in the City's three bin system
- ❑ Require that all single family residential, multifamily residential and commercial properties must place the appropriate material in each bin (no contamination)
- ❑ Require that commercial businesses (not multifamily) must provide recycling and organic bins inside their business wherever solid waste bins are provided
- ❑ Require that commercial businesses (not multifamily) to provide recycling and organics outreach and education
- ❑ Require that Tier one (Jan 2022) and Tier two (Jan 2024) commercial edible food generators must contract with, or enter into a written agreement with Food Recovery Organizations or Food Recovery Services
- ❑ Require that Tier one (Jan 2022) and Tier two (Jan 2024) commercial edible food generators must allow for inspection and keep records
- ❑ Require that all food rescue organizations and food recovery services must keep records, report tonnages, as well as reporting tonnage capacity

SB 1383 Enforceable Ordinance Requirements (Continued)

8

- ❑ Allow City to inspect all customer's sites for compliance and review of records enforcement
- ❑ Establish that violation of any provision of this ordinance shall constitute grounds for issuance of a Notice of Violation and/or taking Enforcement Action.
- ❑ Establish a list of violations
- ❑ Set penalties for non-compliance (effective Jan 2024)
- ❑ Requirement for the City to procure organics
- ❑ Requirement for the City to purchase paper products with a minimum 30 percent post-consumer recycled content
- ❑ Establish the option for developing a waiver program
- ❑ Require all businesses that self-haul or back-haul organics to obtain an AB 939 Compliance Permit and maintain records

Thank you!
