**Comments for Public Posting:** AAPI Equity Alliance supports the creation of an independent redistricting commission at the City of LA, similar to what already exists in the County of LA during the 2021 redistricting process. Given the recent news of backroom deals during the redistricting process, the City must adopt an independent commission free from political interference and allow for the process to be as transparent as possible. Our communities have historically been marginalized precisely because elected leaders cut up our power without due process.
