Comments for Public Posting: THIS MOTION IS THE MOST CRITICAL OF ALL CONCERNING VNY! Already the busiest General Aviation airport in the country, due to the unrestricted growth of the Charter Jet industry there, VNY has turned into a COMMERCIAL AIRPORT - without any of the restrictions (security, etc) that other airports and airlines have to abide by. Those of us who live near VNY, and are subjected 24/7 with the private & charter jets NOISE & FUMES are hoping that this motion will limit the unrestricted growth of these Charter Jet Cos who only service the wealthy, and have absolutely NO RESTRICTIONS placed on them when it comes to NOISE, hours of operation, sending TOXIC FUMES into our neighborhood - and most importantly - LACK OF SECURITY! The Charter Cos have gotten around the laws governing commercial airlines, by using a "third party" booking system. But if anyone (with enough \$) can BUY A SEAT on a plane - what else can you call it, but a "commercial airline?!" Although approved under the Part 380 regulations - this needs to be reviewed and critically scrutinized to see who really benefits, and who's at risk from this practice.
