**Comments for Public Posting:** The amendments of Takings by garcetti and the increasingly progressive city council is illegal and unconstitutional. I can't begin to think how the entire system, housing, judicial and the city council with a bunch of people like raman , Dawson, deleon and bonins get to decide that home owners and small mom and pop housing providers have no choice but forced to succumb to the bad decisions you make ?! Let me put that into perspective "democrats"- this is the same fucking rights and choice as gay and pride community that you have to be who you are and do what you can. This is the same fucking "pro choice" that Women have to decide to keep their baby or not. So how the hell do you "democrats" get to decide for homeowners what we need to ?! Are you confused which side you are on? What is the ideology that you are propagating. Oh right - trample over the businesses and taking the constitutional rights. So bonin, ofarrell and all of you who claim that you have the right to live by your identity and your decisions and choices, how dare you take our rights away by this moratorium. A moratorium which has ruined many small landlords who cannot collect rent, who cannot sell the properties, who have to spend more money in the corrupt legal system that you have fucking created. Why do you blame others. All of you need to figure out what work you need to do for this to be equitable and fair. This moratorium is illegal, is Taking and unconstitutional.
