Re: Special Election / Vacancy / Council District 6 (Council File No. 22-1234)

Dear Los Angeles City Council Members:

I am a resident of Council District 6. I understand that a Special Election is needed to fill in the vacancy, to ensure that residents of Council District 6 are properly represented at City Council. I am concerned that the current city council will try to plant someone who I do not want to represent me at City Council. I want the city council to hold a special election in a timely manner so that the residents of council district 6 can have representation.

I encourage the city council to work with residents of council district 6. I am a board member of the Sun Valley Area Neighborhood Council (SVANC), and I want to help represent the community I live in. I have been actively involved in local politics and community outreach. I want someone at city council to hear out my concerns and of the community I live in.

As a resident of Council District 6, I would like to see more traffic calming measures implemented in Sun Valley. We have a problem with street racing. We also need more bicycle infrastructure in the northeast San Fernando Valley. I would like to see beautification projects in Sun Valley and surrounding neighborhoods within Council District 6. I don't want my community to be underrepresented by the city council. Please, do the right thing.

Thank you for your consideration.

Sincerely,

Lionel Mares, MPA
