Comments for Public Posting: The pandemic is done. The cdc says do NOT TEST for Covid if you have no symptoms. Treat the vaccinated and the unvaccinated alike. There is not swell of Covid cases clogging up the hospital system. The icu is not overrun. Moderna Cheif came out today and said that under 50 should be a choice to get vaccinated. It is LIKE THE FLU! It is time to let go of your power grab and let the citizens have their God given constitutional rights BACK!

Comments for Public Posting: State of Emergency up for vote AGAIN. It is Oct 19th 2022, Item 8 CF#20-0291. I am asking to end these mandates once and for all. You guys are acting like that viscous pit bull who has their teeth sunk into everyone's neck and won't let go until you succeed in killing. These measures are outrageous and overkill. Seeing how all of you love control and take massive pleasure in seeing people suffer, no wonder why you all allowed Nury Martinez to speak the way she did for all the years she was never caught saying these nasty comments. Please stop these games and allow people to move forward in life without having that gun facing them straight in the face. Have compassion, show humanity, and allow people to live life. All I see is "Do what I say, not what I do" kind of approach. You all had your choices give them same respect to those around you.

Comments for Public Posting: Stop the "state of emergency". People are living their lives, the world will continue to thrive without these government tyrants stomping on our God given freedoms. The "state of emergency" does not mean taking away a persons free will to live how they choose. No one has the right to test, to cover my God given body. Nor does any entity have the right to threaten my business or livelihood. My body and what I do with it is my choice alone. Stop "the state of emergency". Stop testing. Stop requiring any covers, temperature checks, to my body. I left my country for Freedom. These last 2 years have been anything but free. It's not the government's job to make medical decision's for me, or test for a sickness I don't feel. I am an adult that can make choices for myself. No one has a right to my body. Only God does.

Comments for Public Posting: The city of Los Angeles needs to declare the city-state of emergency OVER!!!! The waste of time in this matter and the inept judgment of the city council and Mayor have not only made any GOOD difference in the lives of the people of Los Angeles and the employees that serve Los Angeles. CRIME IS WAY UP, and our Streets are UNSAFE. The threat of the coronavirus is over, and there is no need for a MANDATE for any city citizen or employee. STOP WASTING TIME ON MANDATES FOR BOTH CITY EMPLOYEES AND CITIZENS!!!!!!!!!!

Comments for Public Posting: You have destroyed enough lives. This council has closed the doors on many businesses forever, fired our first responders, nurses, police, fire fighters, EMS and so many others. Forced "injections" and took away our decisions on what we do with our bodies. All for a "vaccine" that did not prevent infections and did not prevent the spread. May God have mercy on the souls that forced this and those that have suffered because the corrupt/racist city council was playing God.

Comments for Public Posting: Saw a zoom the other day with Karen Bass who gave a very strong hint that if she is elected, she will reinstate the No Fault Eviction Moratorium because of homelessness. So, possibly declaring a NEW State of Emergency with the No fault eviction again in tow? Could possibly a few of you council people (she said she knew several of you quite well) educate her on the violation of the Takings Amendment. If you have the time.
