

Attachment 1

(As Recommended Modifications to DCP's Recommended Proposed Project by the City Planning Commission at its meeting on October 13, 2022)

MODIFICATIONS TO THE SLAUSON CORRIDOR TRANSIT NEIGHBORHOOD PLAN CPC-2019-4000-GPA-ZC-HD-CPIOA

The City Planning Commission on October 13, 2022 recommended the following substantive modifications to the Proposed Project (CPC Modifications):

1. Added language in the CPIOs (Exhibits F.1, F.2, F.3) outlining a standardized process for applicants to have a pre-consultation with Metro before filing, with respect to determining the feasibility of creating any new access points (i.e., from private property) along the Active Transportation Corridor, and obtaining Metro approval for any potential modification of Metro's fencing.
