

**ORDINANCE NO. \_\_\_\_\_**

An ordinance adding Section 63.137 to Article 3, Chapter VI of the Los Angeles Municipal Code to prohibit nighttime entrance onto City public rights-of-way abutting the Ballona Wetlands.

**WHEREAS**, habitat areas within the Ballona Wetlands, including those portions within the City’s jurisdiction, qualify as Environmentally Sensitive Habitat Areas (ESHAs) pursuant to the California Public Resources Code, Section 30107.5 (Coastal Act), which are areas in which plant or animal life or their habitats are either rare or especially valuable because of their special nature or role in an ecosystem and which could be easily disturbed or degraded by human activities;

**WHEREAS**, California Coastal Act Section 30240 states that ESHAs shall be protected against any significant disruption of habitat values, and only uses dependent on those resources shall be allowed within those areas;

**WHEREAS**, the City owns public rights-of-way abutting the Ballona Wetlands from which persons regularly enter upon the ESHAs in a manner harmful to the ESHAs, particularly adjacent to Culver Boulevard, Jefferson Boulevard, and Lincoln Boulevard;

**WHEREAS**, persons have improperly entered the Ballona Wetlands from City public rights-of-way abutting the Ballona Wetlands causing adverse impacts to the health of the ESHAs by undertaking activities, such as disposal of waste and lighting campfires, which have caused significant damage the ESHAs; and

**WHEREAS**, on October 27, 2021, the City Council determined that Ballona Wetlands ESHAs are delicate ecosystems that may easily be disturbed by human activities and that, in order to strengthen the City’s ability to protect these habitats, the City should make it unlawful to improperly enter upon the ESHAs.
