To: LA City Clerk <clerk.cps@lacity.org>

To whom it may concern:

I am writing to express my opposition to the fast-tracking of the IKE SMART CITY, LLC (IKE) contract to install and maintain interactive kiosks in the City of Los Angeles.

I oppose the program for the following reasons:

- There has been no opportunity for public comment and input from neighborhood councils and the community at large
- The contract is copy & paste from the City of Houston and does not meet the specific needs of the people of Los Angeles
- There has been no CEQA review nor due diligence in exploring the validity of the copy and paste contract.

This program cannot be allowed to move forward without CEQA review, determination of the viability of the City of Houston contract, and without more opportunities for public input.

Sincerely,
Dustan Batton
