Summary:

On November 1, 2022, your Committee considered an October 13, 2022 Board report relative to conversion of the TPPD No. 228 to PPD No. 228 and the expansion of PPD No. 228 in the Silver Lake neighborhood. According to the Board, on July 5, 2016, Council adopted TPPD No. 228 (Council File No. 16-0670) to provide relief for residents from the parking impact created by popular restaurants and businesses in the Silver Lake

neighborhood and general intrusive parking from non-residents, which prevented residents from parking near their homes.

The *Rules and Procedures for Preferential Parking Districts* approved by Council on March 16, 2016, allow the LADOT to recommend the expansion of a PPD provided all the following conditions are met:

1. Submittal and verification of petitions requesting such action signed by the residents living in at least 75 percent of the dwelling units, comprising more than 50 percent of the developed frontage on a minimum of four blocks.
2. Determination by the LADOT that at least 85 percent of the legal on-street parking spaces are occupied on a minimum of two blocks.
3. The Board conducts a public hearing for the purpose of receiving comments on the preliminary findings and recommendation of the LADOT.

Residents of the area designated as a PPD may purchase special parking permits. Vehicles bearing such permits are exempt from the preferential parking restrictions posted within the district for which the permit was issued. The exemption only applies to the preferential parking regulations on those signs, not to regulations of a general nature that may have been installed for traffic movement or street cleaning purposes. Parking is currently allowed in this area, and the expansion of this PPD involves negligible or no expansion to existing use; therefore, the expansion of this PPD falls within the Class 1 categorical exemption of section 15301(c) of the State CEQA Guidelines and the 2002 City CEQA Guidelines, Article 111.1.a.3.

On April 26, 2018, the LADOT received the attached letter from Councilmember Mitch O'Farrell, amending their original request by expanding the previously recommended area in the Silver Lake neighborhood of CD 13. The letter indicated that the patrons of a very popular nightclub were causing adverse parking impacts and late-night disruptions within the surrounding residential blocks. In addition, there are general intrusions from non-residents due to popular businesses on Sunset Boulevard in the area from which the residents deserve immediate relief. Councilmember Mitch O'Farrell, LADOT, and the Silver Lake neighborhood residents believe the expansion of PPD No. 228 would provide parking relief to the area's residents.

The residents provided signed petitions from the blocks listed below. A block is defined as a street segment between two intersecting streets. The following 13 blocks submitted petitions representing more than 75 percent of the dwelling units on both sides of the street, covering more than 50 percent of the developed frontage on each block:

- Del Monte Drive between Vendome Street and Reno Street
- Dillon Street between Marathon Street and Vendome Street

- Edgecliffe Drive (1300 and 1400 block) bet Sunset Boulevard and Winslow Drive
- Fanita Street between Vendome Street and Reno Street
- Jewel Street between Vendome Street and Reno Street
- Marathon Street between Robinson Street and Dillon Street
- Marathon Street between Vendome Street and Dillon Street
- Marathon Street between Vendome Street and Silver Lake Boulevard
- Vendome Street between Fanita Street and Marathon Street
- Vendome Street between Jewel Street and Fanita Street
- Vendome Street between Dillon Street and Sunset Boulevard
- Vendome Street between Jewel Street and Dillon Street

LADOT staff conducted a parking study on Monday, October 21, 2019, between the hours of 9:00 AM and 11:00 AM, and determined that the following four blocks in the proposed established area have a parking occupancy of at least 85 percent of the available legal parking spaces, thus satisfying the parking study criteria set forth in the *Rules and Procedures for Preferential Parking Districts*.

- Descanso Drive between Larissa Drive and Sunset Boulevard
- Golden Gate Avenue between Sunset Boulevard and Maltman Avenue
- Maltman Avenue between Descanso Drive and Winslow Drive
- Maltman Avenue between Sunset Boulevard and Golden Gate Avenue

After consideration and having provided an opportunity for public comment, the Committee moved to approve the recommendations contained in the Board report. This matter is now submitted to Council for its consideration.

Respectfully Submitted,  
Transportation Committee
