Comments for Public Posting: You cannot keep stealing our lives month after month with your insane moratorium. With all due respect, Ms Raman & gang, I remind ALL of you that as elected Council Members you are responsible to ALL the city, not just tenants and their "housing is A Right and no worries about paying rent." You will all be remembered at election time. The lawsuits are coming and this City Council, well acquainted with crime, racism, recalls, and entitlement instead of "fair and equitable" will get exactly what is deserved. The legacy of LA's worst city council will stink up your future endeavors. STOP USING LANDLORDS AS YOUR PERSONAL BANK BECAUSE YOU CAN'T FIX PROBLEMS YOU HAVE CAUSED FOR YEARS.
