Comments for Public Posting: Dear Public Works Committee: I am a strong advocate for safer streets for both pedestrians and for bicyclists. I feel that the City Council should've adopted the Healthy Streets LA ordinance outright but instead put it on the 2024 ballot. I strongly feel that the city council and the Public Works Committee should act now and to make sure that our streets are safer for everyone. The City of Los Angeles has continued business as usual [inactivity on bike/ped implementation] during recent repaving, especially in the San Fernando Valley. The San Fernando Valley lack sufficient Bike and Pedestrian pathways and safety. I would like for the City of L.A. to increase funding for more active transportation budget at LADOT. Sincerely, LIONEL MARES, MPA COUNCIL DISTRICT 6
