**Comments for Public Posting:** I am in support of the continuation of the Mayor's Declaration of Local Emergency, dated March 4, 2020. The pandemic is still growing in California and across the world, and I personally project that we haven't seen the worse of the fallouts from COVID-19 yet, and we're far from the end of the virus. The state of emergency continuing will mean that Los Angeles is prepared for an unpredictable future. It shows great responsibility on the part of the legislators to extend the state of emergency.
