**Comments for Public Posting:** To whom it may concern, My entire family (3 households) opposes the BrightStar Valor Academy as we all live in the neighborhood. To us, it will cause a huge traffic issue on top of the already bad traffic in the mornings and afternoons. There are enough schools in our area to support the amount of children needing to attend school. We all would love to see this location hold a historical site and a community park in our neighborhood as there aren't any open spaces for us to take our family too other than driving a good distance to one. PLEASE hear our plea!  
Sincerely, Valerie Miranda
