Comments for Public Posting: Dear Members of the Los Angeles City Council: We are writing on Council File 20-1101, item #30 on the L.A. City Council 12/7/22 agenda, the expansion of the Hillside Construction Regulations. The members of the Bowmont Hazen Briarcrest Coalition are deeply grateful to you for taking up this legislation. It is needed to protect some of the most endangered green space and hillsides left in the city. By finally extending the HCR to this area, you are creating protections that will not only address life safety and quality of life issues, but also give our neighborhood equity with the rest of CD5's hillside communities. Thank you for fixing this omission by including us in the HCR. We're very grateful to you for finally bringing this home. The 200 members of the Hazen Bowmont Briarcrest Coalition urge you to approve. Again, thank you.
