**Comments for Public Posting:** Hi, my name is Kimberly, I am a tenant and I live in district 8. As a renter, I want to strongly urge you to vote YES on Item 32 to extend the emergency declaration and eviction protections. Council President Krekorian and all Council Members must vote YES on Item 32 to continue the emergency, in order to allow new members to take office and to allow the Council to continue discussions related to these protections and tenants' rights. The Council must continue thoughtful consideration of permanent tenant protections, including those recommended by the Housing Department, in advance of the expiration of emergency protections. There was a need for tenant protections prior to the pandemic, and there is an even greater need now. Lifting emergency protections right now with no warning would be cruel and inhumane, and result in thousands of evictions as we approach the holidays and COVID cases in LA rise again. We need the City Council to stand strong and vote Yes on Item 32 to continue emergency protections.

**Comments for Public Posting:** Hola, mi nombre es \_Maria de J\_ Briones\_\_\_\_\_, soy miembro de ACCE y vivo en el distrito \_\_8\_\_\_\_. Como inquilino, quiero instarle enfáticamente a que vote SÍ en el Artículo 32 para extender la declaración de emergencia y las protecciones de desalojo. La pandemia ha afectado significativamente mi situación de vida porque, me enfermé de covid y no pude salir a vender, Durante ese tiempo fui acosada continuamente por la dueña, pedi la ayuda y le di a la dueña las cartas del esters financiero con el 25% de la renta y aun asi me ha demandado tres veces, y quiere que le de el dinero de la renta y me vaya en tres dias, ya tengo los money orders para entregarlos, mas aun asi estoy en peligro de eviccion una vez de que se acaben las protecciones, pues ella quiere que me vaya a vivir en la calle, tengo 67 años y soy discapacitada, uso una silla de ruedas para salir. Y soy vendedor ambulante, no gano mucho y las rentas estan altisimas. Por favor voten si para que sigan las protecciones. Pieces un momento si su familia o sus padres estuvieran en mi situation, los dejarian en la calle?

**Comments for Public Posting:** DO NOT EXPIRE THE TENANT PROTECTIONS. THIS COUNCIL IS CORRUPT AND ILLEGETIMATE AND ANTI-RENTER. EXPIRING TENANT PROTECTIONS IS MASS MURDER

**Comments for Public Posting:** The COVID emergency is over, and the housing situation is only getting worse because the the lack of ability to collect rent is causing developers to move to other markets. Ireland did the same (lack of eviction ) and is now having the worst housing crisis in history. Rents in Ireland went up 24%, and there are only 1,000 available units in the ENTIRE COUNTRY. Don't make the same mistakes in LA

**Comments for Public Posting:** On behalf of the Los Angeles County Business Federation (BizFed), an alliance of over 230 business organizations who represent over 410,000 employers in Los Angeles County, we support the end of the emergency order. We believe that while precautions remain necessary to protect ourselves and love ones, our community and businesses are well equipped with the knowledge and resources needed to combat the virus in a way that works for them. Our members would like to fully move forward and rebuild from the impacts of the pandemic, in order for them to do so, the emergency order must be fully laid to rest. Thank you for your consideration of our comments.
