**Council File No:** 22-1285

**Comments for Public Posting:** RE: COUNCIL FILE # 22- 1285 Council President Krekorian: I am a resident of Council District 14 which Mr. Kevin de Leon represents. The proposal that has been introduced to take away my councilman's control of the community's discretionary funds is wrong and will only hurt the people of our district. To take this action would be unfair and show that the city council is more concerned about retaliation than it is the people of the city. This funding is used for many important programs that benefit the residents of our district, like food giveaways to our poorest neighbors, school programs for our children, and special events that bring our communities together in celebration of holidays. I am certain that you would not want control of funding for your constituents taken away from you. I implore you, please do NOT move forward with this motion. Our district and the people who live here deserve to be treated the same as residents in other districts and communities in Los Angeles. Please do the right thing and stop this proposal so that our councilman can continue to aid our communities and neighborhoods. This plan would only divide this city more by proving that the council does not care about the people of our district, a district where the majority of the population is working class Latinos.

The Honorable Paul Kirkorian  
LOS Angeles CITY Hall  
200 N. SPRING STREET ROOM 435  
L.A. CA 90012

Re Council File # 22 1285

Dear Council President Kirkorian

We are residents of El Sereno and I'm  
writing to you to urge that you avoid  
moving forward with recent Council Motion  
introduced that will take away my Councilman  
control of the Community Discretionary Fund  
Make no mistake, this will not hurt the  
Councilmember but rather the Community Member  
he represents. To take this action would be  
extremely unfair to our community. We do not  
deserve to be treated in such manner when it  
seems like we being treated as less than any  
average urban City in the City of L.A. Our  
voices should be heard, counted and valued  
just as much as any other district in the  
City of L.A. especially the district with a higher  
Black Socioeconomic Status
