Comments for Public Posting: Dear Council Members: I strongly urge you to extend the Local Emergency Order. As a Neighborhood Council member, I believe that virtual meetings are vital for the community to continue to engage in civics and public engagement. Since the pandemic hit two years ago, many people have participated in civic and public engagement via virtual meetings. It has helped bring together people and increased the number of people attending government meetings virtually. I strongly encourage you to keep virtual meetings on the table and to allow government meetings such as Neighborhood Council meetings have the option of holding public meetings virtually. Thank you, LIONEL MARES
