SUBJECT

Request to approve a one-year sole-source agreement, with two one-year renewal options, with SAP Public Services Inc., to continue the software license agreement for Systems, Applications, and Products at Los Angeles World Airports, in an amount not to exceed \$1,950,000.

RECOMMENDATIONS

Management RECOMMENDS that the Board of Airport Commissioners:

- ADOPT the Staff Report.
- DETERMINE that this action is administratively exempt from the California Environmental Quality Act (CEQA) pursuant to Article II, Section 2.f of the Los Angeles City CEQA Guidelines.
- FIND that this contract is exempt from competitive bidding under Sections 371(e)(3) and 371(e)(7) of the Los Angeles City Charter. Section 371(e)(3) provides an exemption for contracts for the furnishing of articles covered by letters patent granted by the government of the United States. Section 371(e)(7) provides an exemption for contracts for equipment repairs or parts obtained from the manufacturer of the equipment or its exclusive agent. SAP Public Services, Inc. retains proprietary and intellectual property rights to the licensed SAP software used by Los Angeles World Airports. As such, SAP Public Services, Inc. is the only authorized provider of SAP software license and maintenance support.

4. APPROVE a one-year software license agreement, with two one-year renewal options, with SAP Public Services, Inc., from January 1, 2023 through December 31, 2025.
5. AUTHORIZE the Chief Executive Officer, or designee, to execute the software license and maintenance support agreement with SAP Public Services Inc. at Los Angeles World Airports upon approval as to form by the City Attorney and approval by the City Council.

DISCUSSION

1. Purpose

To maintain a software license agreement with SAP Public Services Inc. (Exhibit A) and pay annual software license fees to continue using the SAP software.

2. Prior Related Actions/History of Board Actions

- **October 17, 2000 – Resolution No. 21182 (DA-3555)**
The Board of Airport Commissioners (Board) approved the original software license agreement with SAP that was established through a competitive proposal process.
- **December 15, 2003 – Resolution No. 22249 (DA-3837)**
The Board approved the execution of a sole-source software license agreement with SAP Public Services Inc. to cover calendar years 2004 and 2005.
- **December 5, 2000 – Resolution No. 22849 (DA-4068)**
The Board approved the execution of a sole-source software license agreement with SAP Public Services Inc. to cover calendar years 2006 through 2008.
- **January 9, 2009– Resolution No. 22880 (DA-4068)**
In January 2009, SAP switched from its standard support model to a new Enterprise Support license agreement. In order not to disrupt the use of SAP, the Financial Management Systems Division entered into a three-month agreement with SAP Public Services Inc. (January 1 through March 31, 2009).
- **March 2, 2009 – Resolution No. 23732 (DA-4330)**
The Board approved the First Amendment to Contract DA-4330, Resolution 22880 that approved the execution of the software license agreement for the period April to December 2009 and calendar years 2010 through 2012. The City Council adopted the action under Council File 09-0478 in April 2009. The amount spent under Contract DA-4330 was \$1,922,900.
- **September 17, 2012 – Resolution No. 24900 (DA-4330A)**
The Board approved the extension of the sole-source software license agreement with SAP Public Services Inc. for calendar years 2013 through 2016, in an amount not to exceed \$2.5 million. The amount expended under contract DA-4330 was \$2,090,789.
- **September 21, 2016 – Resolution No. 26070 (DA-4330B)**
The Board approved the Second Amendment to Contract DA-4330 with SAP Public Services, Inc. to extend term three years (from January 1, 2017 through December 31,

2019), to maintain software license agreements to continue using the Systems, Application and Products (SAP) software for costs not to exceed \$1,735,062.

- **December 19, 2019 – Resolution No. 26911 (DA-5414)**
The Board approved the extension of the sole source software license agreement with SAP Public Services Inc. for calendar years 2020 through 2022, in an amount not to exceed \$1,950,000.

3. Current Action/Rationale

SAP software is the basis for LAWA's Financial Accounting Management Information System (FAMIS). The system provides the airport with the ability to manage its overall financial portfolio, procurement, and human capital. The major business functions supported by SAP include:

- Financial Systems (general ledger, accounts receivable, accounts payable, fixed assets, funds management, and special purpose ledger)
- Controlling (cost center accounting and internal orders)
- Budget Monitoring
- Human Resources (organization management, personnel administration, time management, travel, training, and events management)
- Purchasing (materials and services, contracts fixed assets, warehouse inventory, and vendor invoice automation)
- Project Accounting (project cost and budget tracking)

The software license agreement, known as Enterprise Support, provides the following:

- Continuous quality checks for pro-active technical quality assessments
- Support advisory center 24/7 as a direct communication channel to SAP to manage important inquiries
- Service-level agreement covering the highest priority customer messages
- SAP Solution Manager module (Enterprise edition) with extended functionality for deployment, operation, continuous improvement, and innovation of SAP solutions
- Advanced innovation support for SAP enhancement packages and support packages to activate additional functionality and avoid conflicts with customer-specific codes and modifications
- End-to-end quality management standards and support
- Continuous improvement and innovation like software upgrades, technology updates, legal changes, and access to source code
- Problem resolution and continuous access to the SAP Notes service
- Knowledge transfer as part of a community using the SAP Service Marketplace extranet, with specialized offerings for SAP Customer Competence Center locations
- Quality management with implementation tools and methodology, the standard edition of the SAP Solutions Manager application management software, and monitoring by the SAP EarlyWatch Alert service

The cost for the license will be \$1,747,280 over the proposed three-year period as follows:

Calendar Year	Maintenance Fee
2023	\$563,623
2024	\$582,222
2025	\$601,435

These amounts are fixed and include local sales tax for the Commonwealth of Pennsylvania where SAP Public Services Inc. is located. These costs are subject to California taxes and Consumer Price Index (CPI) adjustments of 3.3 percent.

Throughout the contract period, staff recommends and implements major enhancements and improvements to SAP, and SAP enhancement modules and/or applications are subject to additional licensing costs. The \$1,950,000 not-to-exceed requested amounts would account for additional licensing, as approved/implemented, and applicable CPI adjustments.

How This Action Advances a Specific Strategic Plan Goal and Objective

This action advances this strategic goal and objective: *Innovate to Enhance Security, Efficiency & Effectiveness: Reinvent processes to improve focus and increase speed.* SAP software is the basis for LAWA's FAMIS. The system provides the ability to manage the airport's overall financial portfolio, procurement, and human capital. This software license agreement allows LAWA to use the software to access system updates and patches and provides high level help-desk assistance for major technical issues and questions outside the expertise of internal staff.

4. Fiscal Impact

The cost for license fees will be \$1,747,280 over a three-year period. To allow for additional California taxes and slight pricing fluctuations based on the Consumer Price Index (allowable under the 2000 license agreement), staff is requesting a not-to-exceed amount of \$1,950,000 for this period. These costs are included in the calculation of the annual airline rates and charges.

The chart below reflects costs incurred for Fiscal Years 2020 through 2022.

Cost	Fiscal Year	Services
\$545,617	2020	Licensing
\$545,617	2021	Licensing
\$545,617	2022	Licensing

5. Alternatives Considered

- ***Take No Action***

Taking no action is not recommended as LAWA would be unable to continue using SAP software that is responsible for vital airport functions such as financial management, budget planning, human resources, purchasing, and project systems. Only SAP Public Services Inc. can license the use of its proprietary SAP software.

- **Maintain License Agreement with SAP**

Only SAP Public Services Inc. can authorize the use of its software. Without a license agreement with SAP, LAWA cannot use its software that is responsible for essential airport functions such as financial management, budget, human resources, and procurement of materials and services.

- **Replacement of SAP**

The current version of SAP used by LAWA will no longer be supported by SAP after 2027 for standard maintenance and 2030 for extended maintenance. Staff is evaluating the available options to replace SAP.

On April 7, 2022, LAWA released a Request for Proposals (RFP) for a consultant to provide professional services to (a) support and assist with Enterprise Resource Planning (ERP) software evaluation services, (b) develop an RFP to select a new ERP system, and (c) recommend a shortlist of ERP software solutions for a new or upgraded Financial Management System.

After a review of the proposals, LAWA selected the consulting firm SDI Presence LLC (SDI) to perform the scope of work outlined in the RFP. It is anticipated that SDI will start work at the beginning of December 2022. From the beginning of the consulting services through full implementation of either an upgrade or new system, it is projected that the total project timeline could be between 24 and 30 months. This timeline includes the review of the existing Business Processes, recommendations for process improvements based on best business practices, selection of an ERP, system design and development, testing, and full implementation. Therefore, requesting renewal of licensing for one year with two one-year options is the best course of action.

APPROPRIATIONS

Funding for these services is included in the FY 2022–2023 Los Angeles World Airports Operating Budget in LAX Cost Center 1190011 – Financial Management Systems Division, Commitment Item 520 – Contractual Services. Funding for the subsequent year will be requested as part of the annual budget process.

STANDARD PROVISIONS

1. This item, as a continuing administrative, maintenance and personnel-related activity, is exempt from California Environmental Quality Act (CEQA) requirements pursuant to Article II, Section 2.f of the Los Angeles City CEQA Guidelines.
2. The proposed document(s) is/are subject to approval as to form by the City Attorney.
3. Actions taken on this item by the Board of Airport Commissioners will become final pursuant to the provisions of Los Angeles City Charter Section 373.
4. This action is not subject to the provisions of the Living Wage/Service Contractor Worker Retention Ordinances.
5. This action is not subject to the provisions of the Business Enterprise (BE) Programs.

6. This action is not subject to the provisions of the Affirmative Action Program.
 7. This action does not require a Business Tax Registration Certificate number.
 8. This action is not subject to the provisions of the Child Support Obligations Ordinance.
 9. This action is not subject to the insurance requirements of the Los Angeles World Airports.
 10. This action is not subject to the provisions of Charter Section 1022 (Use of Independent Contractors).
 11. This action is not subject to the provisions of the Contractor Responsibility Program.
-
12. This action is not subject to the provisions of the Equal Benefits Ordinance.
 13. This action is not subject to the provisions of the First Source Hiring Program.
 14. This action is not subject to the provisions of Bidder Contributions CEC Form 55.
 15. This action is not subject to the provisions of MLO Bidder Contributions CEC Form 50.
 16. This action is not subject to the provisions of the Iran Contracting Act.

Exhibit A – SAP Enterprise Support Renewal Agreement

**AGREEMENT BETWEEN
THE CITY OF LOS ANGELES, DEPARTMENT OF AIRPORTS (“LAWA” OR
“LICENSEE”) AND
SAP PUBLIC SERVICES, INC. (“SAP”)**

This Agreement (hereinafter referred to as “Agreement”) is made and entered into this _____ day of _____, 2022, by and between the CITY OF LOS ANGELES, a municipal corporation, acting by order of and through its Board of Airport Commissioners of the Department of Airports also known as Los Angeles World Airports or LAWA (hereinafter referred to as "LAWA" or “Licensee”), and SAP Public Services, Inc. (hereinafter referred to as “SAP”).

WHEREAS, Licensee has been using the SAP software since the year 2000; and

WHEREAS, LAWA entered into an Enterprise Support Agreement DA-4330 (“ESA”), pursuant to which LAWA has received SAP licenses and maintenance support services (“SAP Products”), which ESA expires on December 31, 2022; and

WHEREAS, LAWA requires SAP Products after the expiration of the ESA; and

WHEREAS, LAWA and SAP are entering into this Agreement so that LAWA may continue to receive the SAP Products.

NOW THEREFORE, it is agreed as follows:

1. Term The term of this Agreement will be for a one-year period commencing on January 1, 2023 and terminating on December 31, 2023, with two (2) one-year renewal options, exercisable in the sole discretion of the Chief Executive Officer. The Agreement may be terminated early pursuant to the terms in Exhibit A.

2. Fees SAP shall provide to LAWA the SAP Products pursuant to the SAP Enterprise Support Schedule in Exhibit A, attached hereto and incorporated by reference herein. Following invoice, LAWA shall pay SAP in accordance with Exhibit B, attached hereto and incorporated by reference herein. The fees payable under this Agreement shall not exceed One Million Nine Hundred Fifty Thousand Dollars (\$1,950,000).

3. Counterparts; Electronic Agreement This Agreement may be executed in counterparts, including counterparts that are manually executed and counterparts that are in the form of electronic records and are electronically executed. An electronic signature means a signature that is executed by symbol attached to or logically associate with a record and adopted by a party with the intent to sign such record, including facsimile or e-mail signatures. All executed counterparts shall constitute one agreement, and each counterpart shall be deemed an original. The parties hereby acknowledge and agree that electronic records and electronic signatures, as well as facsimile signatures, may be used in connection with the execution of this Agreement and electronic signatures, facsimile signatures or signatures transmitted by electronic mail in so-called PDF format shall be

legal and binding and shall have the same full force and effect as if a paper original of this agreement had been delivered that had been signed using a handwritten signature. All parties to this Agreement (i) agree that an electronic signature, whether digital or encrypted, of a party to this Agreement is intended to authenticate this writing and to have the same force and effect as a manual signature; (ii) intended to be bound by the signatures (whether original, faxed, or electronic) on any document sent or delivered by facsimile or electronic mail or other electronic means; (iii) are aware that the other party(ies) will rely on such signatures; and, (iv) hereby waive any defenses to the enforcement of the terms of this Agreement based on the foregoing forms of signature. If this Agreement has been executed by electronic signature, all parties executing this document are expressly consenting, under the United States Federal Electronic Signatures in Global and National Commerce Act of 2000 (“E-SIGN”) and the California Uniform Electronic Transactions Act (“UETA”) (California Civil Code §1633.1 et seq.), that a signature by fax, e-mail, or other electronic means shall constitute an Electronic Signature to an Electronic Record under both E-SIGN and UETA with respect to this specific transaction.

IN WITNESS WHEREOF, City has caused this Agreement to be executed by the Chief Executive Officer and Contractor has caused the same to be executed by its duly authorized officers and its corporate seal to be hereunto affixed, all as of the day and year first hereinabove written.

EXHIBIT A

SAP ENTERPRISE SUPPORT SCHEDULE ("Schedule")

In each instance in which provisions of this Schedule contradict or are inconsistent with the provisions of the Agreement including any appendices, exhibits, order forms or other documents attached to or incorporated by reference to the Agreement, the provisions of this Schedule shall prevail and govern. This Schedule governs the provision of support services by SAP as further defined herein ("SAP Enterprise Support") for all software licensed by Licensee under the Agreement (hereinafter collectively referred to as the "Enterprise Support Solutions"), excluding software to which special support agreements apply exclusively.

1. Definitions:

1.1 "Go-Live" marks the point in time from when, after implementation of the Enterprise Support Solutions or an upgrade of the Enterprise Support Solutions, the Enterprise Support Solutions can be used by Licensee for processing real data in live operation mode and for running Licensee's internal business operations in accordance with the Agreement.

1.2 "Licensee Solution(s)" shall mean Enterprise Support Solutions and any other software licensed by Licensee from third parties.

1.3 "Licensee IT Solution(s)" shall mean Licensee Solution(s) and hardware systems supported by Licensee's IT team.

1.4 "Production System" shall mean a live SAP system used for running Licensee's internal business operations and where Licensee's data is recorded.

1.5 "SAP Software Solution(s)" shall mean a group of one or multiple Production Systems running Licensee Solutions and focusing on a specific functional aspect of Licensee's business. Details and examples can be found on SAP's Customer Support Website (as specified in SAP Note 1324027 or any future SAP Note which replaces SAP Note 1324027).

1.6 "Service Session" shall mean a sequence of support activities and tasks carried out remotely to collect further information by interview or by analysis of a Production System resulting in a list of recommendations. A Service Session could run manually, as a self-service or fully automated.

1.7 "Top-Issue" shall mean issues and/or failures identified and prioritized jointly by SAP and Licensee in accordance with SAP standards which (i) endanger Go-Live of a pre-production system or (ii) have a significant business impact on a Production System.

1.8 "Local Office Time" shall mean regular working hours (8.00 a.m. to 6.00 p.m.) during regular working days, in accordance with the applicable public holidays observed by SAP's registered office. With regard to SAP Enterprise Support only, both parties can mutually agree upon a different registered office of one of SAP's affiliates to apply and serve as reference for the Local Office Time.

1.9 "SAP's Customer Support Website" shall mean SAP's customer facing support website under <http://support.sap.com/>.

2. Scope of SAP Enterprise Support. Licensee may request and SAP shall provide, to such degree as SAP makes such services generally available in the Territory SAP Enterprise Support services. SAP Enterprise Support currently includes:

Continuous Improvement and Innovation

- New software releases of the licensed Enterprise Support Solutions, as well as tools and procedures for upgrades.
- Support packages - correction packages to reduce the effort of implementing single corrections. Support packages may also contain corrections to adapt existing functionality to changed legal and regulatory requirements.
- For releases of the SAP Business Suite 7 core applications (starting with SAP ERP 6.0 and with releases of SAP CRM 7.0, SAP SCM 7.0, SAP SRM 7.0 and SAP PLM 7.0 shipped in 2008), SAP may provide enhanced functionality and/or innovation through enhancement packages or by other means as available. During mainstream maintenance for an SAP core application release, SAP's current practice is to provide one enhancement package or other update per calendar year.
- Technology updates to support third-party operating systems and databases.

- Available ABAP source code for SAP Software applications and additionally released and supported function modules.
- Software change management, such as changed configuration settings or Enterprise Support Solutions upgrades, is supported for example with content, tools and information material.
- SAP provides Licensee with up to five days remote support services per calendar year from SAP solution architects
 - to assist Licensee in evaluating the innovation capabilities of the latest SAP enhancement package and how it may be deployed for Licensee's business process requirements.
 - to give Licensee guidance in form of knowledge transfer sessions, weighted one day, for defined SAP software/applications or Global Support Backbone components. Currently, content and session schedules are stated at <http://support.sap.com/enterprisesupport>. Scheduling, availability and delivery methodology is at SAP's discretion.
- SAP gives Licensee access to guided self-services as part of SAP Solution Manager Enterprise Edition, helping the Licensee to optimize technical solution management of selected Enterprise Support Solutions.

Advanced Support for Enhancement Packages and other SAP Software Updates

SAP offers special remote checks delivered by SAP solution experts to analyze planned or existing modifications and identify possible conflicts between Licensee custom code and enhancement packages and other Enterprise Support Solutions updates. Each check is conducted for one specific modification in one of Licensee's core business process steps. Licensee is entitled to receive two services from one of the following categories per calendar year per SAP Software Solution.

- **Modification Justification:** Based on Licensee's provision of SAP required documentation of the scope and design of a planned or existing custom modification in SAP Solution Manager Enterprise Edition, SAP identifies standard functionality of Enterprise Support Solutions which may fulfill the Licensee's requirements (for details see <https://support.sap.com/support-programs-services/programs/enterprise-support/academy/delivery/continuous-quality-check.html>).
- **Custom Code Maintainability:** Based on Licensee's provision of SAP required documentation of the scope and design of a planned or existing custom modification in SAP Solution Manager Enterprise Edition, SAP identifies which user exits and services may be available to separate custom code from SAP code (for details see <https://support.sap.com/support-programs-services/programs/enterprise-support/academy/delivery/continuous-quality-check.html>).

Global Support Backbone

- SAP's Customer Support Website - SAP's knowledge database and SAP's extranet for knowledge transfer on which SAP makes available content and services to licensees and partners of SAP only.
- SAP Notes on SAP's Customer Support Website document software malfunctions and contain information on how to remedy, avoid and bypass errors. SAP Notes may contain coding corrections that licensees can implement into their SAP system. SAP Notes also document related issues, licensee questions, and recommended solutions (e.g. customizing settings).
- SAP Note Assistant - a tool to install specific corrections and improvements to SAP components.
- **SAP Solution Manager Enterprise Edition** – as described in Section 2.4

Mission Critical Support

- Global incident handling by SAP for problems related to Enterprise Support Solutions, including Service Level Agreements for Initial Reaction Time and Corrective Action (for more information refer to Section 2.1.1).
- SAP Support Advisory Center – as described in Section 2.2.
- Continuous Quality Checks – as described in Section 2.3.
- Global 24x7 root cause analysis and escalation procedures in accordance with section 2.1 below.
- Root Cause Analysis for Custom Code: For Licensee custom code built with the SAP development workbench, SAP provides mission-critical support root-cause analysis, according to the Global Incident Handling process and Service Level Agreements stated in Sections 2.1.1, 2.1.2 and 2.1.3, applicable for priority "very high" and priority "high" incidents. If the Licensee custom code is documented

according to SAP's then-current standards (for details see <http://support.sap.com/supportstandards>), SAP may provide guidance to assist Licensee in issue resolution

Other Components, Methodologies, Content and Community Participation

- Monitoring components and agents for systems to monitor available resources and collect system status information of the Enterprise Support Solutions (e.g. SAP EarlyWatch Alert).
- Process descriptions and process content that may be used as pre-configured test templates and test cases via the SAP Solution Manager Enterprise Edition. In addition, the SAP Solution Manager Enterprise Edition assists Licensee's testing activities.
- Content and supplementary tools designed to help increase efficiency, in particular for implementations.
- Tools and content for SAP Application Lifecycle Management (shipped via SAP Solution Manager Enterprise Edition and/or the Enterprise Support Solutions and/or the applicable Documentation for Enterprise Support Solutions and/or SAP's Customer Support Website):
 - Tools for implementation, configuration, testing, operations and system administration
 - Best practices, guidelines, methodologies, process descriptions and process content. This content supports the usage of the tools for SAP Application Lifecycle Management.
- Access to guidelines via SAP's Customer Support Website, which may include implementation and operations processes and content designed to help reduce costs and risks.
- Participation in SAP's customer and partner community (via SAP's Customer Support Website), which provides information about best business practices, service offerings, etc.

2.1. Global Incident Handling and Service Level Agreement (SLA). When Licensee reports malfunctions, SAP supports Licensee by providing information on how to remedy, avoid or bypass errors. The main channel for such support will be the support infrastructure provided by SAP. Licensee may send an incident at any time. All persons involved in the incident resolution process can access the status of the incident at any time. For further details on definition of incident priorities, see SAP Note 67739.

In exceptional cases, Licensee may also contact SAP by telephone. Contact details are provided in SAP Note 560499. For such contact (and as otherwise provided) SAP requires that Licensee provide remote access as specified in Section 3.2(iii).

The following Service Level Agreements ("SLA" or "SLAs") shall apply to all Licensee incidents that SAP accepts as being Priority 1 or 2 and which fulfill the prerequisites specified herein. Such SLAs shall commence in the first full Calendar Quarter following the Effective Date of this Schedule. As used herein, "Calendar Quarter" is the three-month period ending on March 31, June 30, September 30 and December 31 respectively of any given calendar year.

2.1.1 SLA for Initial Response Times:

- a. **Priority 1 Incidents ("Very High").** SAP shall respond to Priority 1 incidents within one (1) hour of SAP's receipt (twenty-four hours a day, seven days a week) of such Priority 1 incidents. An incident is assigned Priority 1 if the problem has very serious consequences for normal business transactions and urgent, business critical work cannot be performed. This is generally caused by the following circumstances: complete system outage, malfunctions of central SAP functions in the Production System, or Top-Issues, and for each circumstance a workaround is not available.
- b. **Priority 2 Incidents ("High").** SAP shall respond to Priority 2 incidents within four (4) hours of SAP's receipt during SAP's Local Office Time of such Priority 2 incidents. An incident is assigned Priority 2 if normal business transactions in a Production System are seriously affected and necessary tasks cannot be performed. This is caused by incorrect or inoperable functions in the SAP system that are required to perform such transactions and/or tasks.

2.1.2 SLA for Corrective Action Response Time for Priority 1 Incidents: SAP shall provide a solution, work around or action plan for resolution ("Corrective Action") of Licensee's Priority 1 incident within four hours of SAP's receipt (twenty-four hours a day, seven days a week) of such Priority 1 incident ("SLA for Corrective Action"). In the event an action plan is submitted to Licensee as a Corrective Action, such action plan shall include: (i) status of the resolution process; (ii) planned next steps, including identifying responsible SAP resources; (iii) required Licensee actions to support the resolution process; (iv) to the extent possible, planned dates for SAP's actions; and (v) date and time

for next status update from SAP. Subsequent status updates shall include a summary of the actions undertaken so far; planned next steps; and date and time for next status update. The SLA for Corrective Action only refers to that part of the processing time when the incident is being processed at SAP ("Processing Time"). Processing Time does not include the time when the incident is on status "Customer Action" or "SAP Proposed Solution", whereas (a) the status Customer Action means the incident was handed over to Licensee; and (b) the status SAP Proposed Solution means SAP has provided a Corrective Action as outlined herein. The SLA for Corrective Action shall be deemed met if within four (4) hours of processing time: SAP proposes a solution, a workaround or an action plan; or if Licensee agrees to reduce the priority level of the incident.

2.1.3 Prerequisites and Exclusions.

2.1.3.1 Prerequisites. The SLAs shall only apply when the following prerequisites are met for incidents: (i) in all cases except for Root Cause Analysis for Custom Code under Section 2, incidents are related to releases of Enterprise Support Solutions which are classified by SAP with the shipment status "unrestricted shipment"; (ii) incidents are submitted by Licensee in English via the SAP Solution Manager Enterprise Edition in accordance with SAP's then current incident handling log-in procedure which contain the relevant details necessary (as specified in SAP Note 16018 or any future SAP Note which replaces SAP Note 16018) for SAP to take action on the reported incident; (iii) incidents are related to a product release of Enterprise Support Solutions which falls into Mainstream Maintenance or Extended Maintenance.

For Priority 1 incidents, the following additional prerequisites must be fulfilled by Licensee: (a) the issue and its business impact are described in detail sufficient to allow SAP to assess the issue; (b) Licensee makes available for communications with SAP, twenty four (24) hours a day, seven (7) days a week, an English speaking contact person with training and knowledge sufficient to aid in the resolution of the Priority 1 incident consistent with Licensee's obligations hereunder; and (c) a Licensee contact person is provided for opening a remote connection to the system and to provide necessary log-on data to SAP.

2.1.3.2 Exclusions. For SAP Enterprise Support in particular the following types of Priority 1 incidents are excluded from the SLAs: (i) incidents regarding a release, version and/or functionalities of Enterprise Support Solutions developed specifically for Licensee (including without limitation those developed by SAP Custom Development and/or by SAP subsidiaries) except for custom code built with the SAP development workbench; (ii) incidents regarding country versions that are not part of the Enterprise Support Solutions and instead are realized as partner add-ons, enhancements, or modifications are expressly excluded even if these country versions were created by SAP or an affiliate of SAP; (iii) the root cause behind the incident is not a malfunction, but a missing functionality ("development request") or the incident is ascribed to a consulting request.

2.1.4 Service Level Credit.

2.1.4.1 SAP shall be deemed to have met its obligations pursuant to the SLAs as stated above by reacting within the allowed time frames in ninety-five percent (95%) of the aggregate cases for all SLAs within a Calendar Quarter. In the event Licensee submits less than twenty (20) incidents (in the aggregate for all SLAs) pursuant to the SLAs stated above in any Calendar Quarter during the Enterprise Support term, Licensee agrees that SAP shall be deemed to have met its obligations pursuant to the SLAs stated above if SAP has not exceeded the stated SLA time-frame in more than one incident during the applicable Calendar Quarter.

2.1.4.2. Subject to Section 2.1.4.1 above, in the event that the timeframes for the SLA's are not met (each a "Failure"), the following rules and procedures shall apply: (i) Licensee shall inform SAP in writing of any alleged Failure; (ii) SAP shall investigate any such claims and provide a written report proving or disproving the accuracy of Licensee's claim; (iii) Licensee shall provide reasonable assistance to SAP in its efforts to correct any problems or processes inhibiting SAP's ability to reach the SLAs; (iv) subject to this Section 2.1.4, if based on the report, an SAP Failure is proved, SAP shall apply a Service Level Credit ("SLC") to Licensee's next SAP Enterprise Support Fee invoice equal to one quarter percent (0.25%) of Licensee's SAP Enterprise Support Fee for the applicable Calendar Quarter for each Failure reported and proved, subject to a maximum SLC cap per Calendar Quarter

of five percent (5%) of Licensee's SAP Enterprise Support Fee for such Calendar Quarter. Licensee bears the responsibility of notifying SAP of any SLCs within one (1) month after the end of a Calendar Quarter in which a Failure occurs. No penalties will be paid unless notice of Licensee's well-founded claim for SLC(s) is received by SAP in writing. The SLC stated in this Section 2.1.4 is Licensee's sole and exclusive remedy with respect to any alleged or actual Failure.

2.2 SAP Support Advisory Center. For Priority 1 and Top-Issues directly related to the Enterprise Support Solutions, SAP shall make available a global unit within SAP's support organization for mission critical support related requests (the "Support Advisory Center"). The Support Advisory Center will perform the following mission critical support tasks: (i) remote support for Top-Issues – the Support Advisory Center will act as an additional escalation level, enabling 24X7 root cause analysis for problem identification; (ii) Continuous Quality Check service delivery planning in collaboration with Licensee's IT, including scheduling and delivery coordination; (iii) provides one SAP Enterprise Support report on request per calendar year; (iv) remote primary certification of the SAP Customer Center of Expertise if requested by Licensee; and (v) providing guidance in cases in which Continuous Quality Checks (as defined in Section 2.3 below), an action plan and/or written recommendations of SAP show a critical status (e.g. a red CQC report) of the Enterprise Support Solutions.

As preparation for the Continuous Quality Check delivery through SAP Solution Manager Enterprise Edition, Licensee's Contact Person and SAP shall jointly perform one mandatory setup service ("Initial Assessment") for the Enterprise Support Solutions. The Initial Assessment shall be based upon SAP standards and documentation.

The designated SAP Support Advisory Center will be English speaking and available to Licensee's Contact Person (as defined below) or its authorized representative twenty-four hours a day, seven days a week for mission critical support related requests. The available local or global dial-in numbers are shown in SAP Note 560499.

The Support Advisory Center is only responsible for the above mentioned mission critical support related tasks to the extent these tasks are directly related to issues or escalations regarding the Enterprise Support Solutions.

2.3 SAP Continuous Quality Check. In case of critical situations related to the SAP Software Solution (such as Go Live, upgrade, migration or Top Issues), SAP will provide at least one Continuous Quality Check (the "Continuous Quality Check" or "CQC") per calendar year for each SAP Software Solution.

The CQC may consist of one or more manual or automatic remote Service Sessions. SAP may deliver further CQC's in cases where vital alerts are reported by SAP EarlyWatch Alert or in those cases where Licensee and the SAP Advisory Center mutually agree that such a service is needed to handle a Top-Issue. Details, such as the exact type and priorities of a CQC and the tasks of SAP and cooperation duties of Licensee, shall be mutually agreed upon between the parties. At the end of a CQC, SAP will provide Licensee with an action plan and/or written recommendations.

Licensee acknowledges that all or part of the CQC sessions may be delivered by SAP and/or a certified SAP partner acting as SAP's subcontractor and based on SAP's CQC standards and methodologies. Licensee agrees to provide appropriate resources, including but not limited to equipment, data, information, and appropriate and cooperative personnel, to facilitate the delivery of CQC's hereunder.

Licensee acknowledges that SAP limits CQC re-scheduling to a maximum of three times per year. Re-scheduling must take place at least 5 working days before the planned delivery date. If Licensee fails to follow these guidelines, SAP is not obliged to deliver the yearly CQC to the Licensee.

2.4 SAP Solution Manager Enterprise Edition under SAP Enterprise Support.

2.4.1 Use of SAP Solution Manager Enterprise Edition (and any successor to SAP Solution Manager Enterprise Edition provided hereunder) shall be subject to the Agreement and is solely for the following purposes under SAP Enterprise Support: (i) delivery of SAP Enterprise Support, and (ii) application lifecycle management for Licensee IT Solutions. Such application lifecycle management is limited solely to the following purposes:

- implementation, configuration, testing, operations, continuous improvement and diagnostics
- incident management (service desk), problem management and change request management as enabled using SAP CRM technology integrated in SAP Solution Manager Enterprise Edition

- mobile application lifecycle management scenarios using SAP NetWeaver Gateway (or equivalent technology) integrated in SAP Solution Manager Enterprise Edition
- management of application lifecycle management projects for Licensee IT Solutions using the project management functionality of SAP Project and Portfolio Management integrated in SAP Solution Manager Enterprise Edition. (However, the portfolio management functionality of SAP Project and Portfolio Management is not in scope of SAP Solution Manager Enterprise Edition and will need to be licensed separately by Licensee.)
- administration, monitoring, reporting and business intelligence as enabled using SAP NetWeaver technology integrated in SAP Solution Manager Enterprise Edition. Business intelligence may also be performed provided the appropriate SAP BI software is licensed by Licensee as part of the Enterprise Support Solutions.

For application lifecycle management as outlined under section 2.4.1(ii) above, Licensee does not require a separate Package license to SAP CRM.

2.4.2 Licensee is entitled to use those SAP databases which are listed on SAP's Customer Support Website that are generally available to all SAP licensees together with SAP Solution Manager. This runtime license is limited to the use of the relevant database as underlying database of the SAP Solution Manager and limited to the term of this Schedule.

2.4.3 SAP Solution Manager Enterprise Edition may not be used for purposes other than those stated above. Without limiting the foregoing restriction, Licensee shall especially without limitation not use SAP Solution Manager Enterprise Edition for (i) CRM scenarios such as opportunity management, lead management, or trade promotion management except as CRM scenarios are expressly stated in Section 2.4.1; (ii) SAP NetWeaver usage types other than those stated above or (iii) application lifecycle management and in particular incident management (service desk) except for Licensee IT Solutions and (iv) non-IT shared services capabilities, including without limitation HR, Finance or Procurement; (v) SAP Project and Portfolio Management including but not limited to portfolio management or project management other than management of application lifecycle management projects as described above in Section 2.4.1; (vi) SAP NetWeaver Gateway, except for the mobile application lifecycle management scenarios within the scope described above in Section 2.4.1.

2.4.4 SAP – in its sole discretion – may update from time to time on SAP's Customer Support Website under <http://support.sap.com/solutionmanager> the use cases for SAP Solution Manager Enterprise Edition under this Section 2.4.

2.4.5 SAP Solution Manager Enterprise Edition shall only be used during the term of this Schedule subject to the licensed rights for the Software and exclusively for Licensee's SAP-related support purposes in support of Licensee's internal business operations. The right to use any SAP Solution Manager Enterprise Edition capabilities under SAP Enterprise Support other than those listed above is subject to a separate written agreement with SAP, even if such capabilities are accessible through or related to SAP Solution Manager Enterprise Edition. Licensee shall be entitled to allow any of its employees to use web self-services in the SAP Solution Manager Enterprise Edition during the term of this Schedule like creating support tickets, requesting support ticket status, ticket confirmation and change approvals directly related to Licensee IT Solutions.

2.4.6 In the event Licensee terminates SAP Enterprise Support and receives SAP Standard Support in accordance with Section 6, Licensee's use of SAP Solution Manager Enterprise Edition under SAP Enterprise Support shall cease. Thereafter, Licensee's use of SAP Solution Manager Enterprise Edition shall be governed by the terms and conditions of the SAP Standard Support Schedule.

2.4.7 Use of SAP Solution Manager Enterprise Edition may not be offered by Licensee as a service to third parties even if such third parties have licensed SAP Software; provided, third parties authorized to access the SAP Software under the Agreement may have access to SAP Solution Manager Enterprise Edition solely for SAP-related support purposes in support of Licensee's internal business operations under and in accordance with the terms of this Schedule.

3. Licensee's Responsibilities.

3.1 SAP Enterprise Support Program Management. In order to receive SAP Enterprise Support hereunder, Licensee shall designate a qualified English speaking contact within its SAP Customer Center of

Expertise for the Support Advisory Center (the "Contact Person") and shall provide contact details (in particular e-mail address and telephone number) by means of which the Contact Person or the authorized representative of such Contact Person can be contacted at any time. Licensee's Contact Person shall be Licensee's authorized representative empowered to make necessary decisions for Licensee or bring about such decision without undue delay.

3.2 Other Requirements. In order to receive SAP Enterprise Support hereunder, Licensee must further satisfy the following requirements:

(i) Continue to pay all Enterprise Support Service Fees in accordance with the Agreement and this Schedule.

(ii) Otherwise fulfill its obligations under the Agreement and this Schedule.

(iii) Provide and maintain remote access via a technical standard procedure as defined by SAP and grant SAP all necessary authorizations, in particular for remote analysis of issues as part of incident handling. Such remote access shall be granted without restriction regarding the nationality of the SAP employee(s) who process incidents or the country in which they are located. Licensee acknowledges that failure to grant access may lead to delays in incident handling and the provision of corrections, or may render SAP unable to provide help in an efficient manner. The necessary software components must also be installed for support services. For more details, see SAP Note 91488.

(iv) Establish and maintain an SAP certified Customer COE meeting the requirements specified in Section 4 below.

(v) Have installed, configured and be using productively, an SAP Solution Manager Enterprise Edition Software system, with the latest patch levels for Basis, and the latest SAP Solution Manager Enterprise Edition support packages.

(vi) Activate SAP EarlyWatch Alert for the Production Systems and transmit data to Licensee's productive SAP Solution Manager Enterprise Edition system. See SAP Note 1257308 for information on setting up this service.

(vii) Perform the Initial Assessment as described in Section 2.2 and implement all the recommendations of SAP classified as mandatory.

(viii) Establish a connection between Licensee's SAP Solution Manager Enterprise Edition installation and SAP and a connection between the Enterprise Support Solutions and Licensee's SAP Solution Manager Enterprise Edition installation.

(ix) Licensee shall maintain the solution landscape and core business processes in Licensee's SAP Solution Manager Enterprise Edition system for all Production Systems and systems connected to the Production Systems. Licensee shall document any implementation or upgrade projects in Licensee's SAP Solution Manager Enterprise Edition system.

(x) To fully enable and activate the SAP Solution Manager Enterprise Edition, Licensee shall adhere to the applicable documentation.

(xi) Licensee agrees to maintain adequate and current records of all modifications and, if needed, promptly provide such records to SAP.

(xii) Submit all incidents via the then current SAP support infrastructure as made available by SAP from time to time via updates, upgrades or add-ons.

(xiii) Inform SAP without undue delay of any changes to Licensee's installations and any other information relevant to the Enterprise Support Solutions.

4. Customer Center of Expertise.

4.1 Role of the Customer Center of Expertise. In order to leverage the full potential value delivered as part of SAP Enterprise Support, Licensee is required to establish a Customer Center of Expertise ("Customer Center of Expertise", or "Customer COE"). The Customer COE is designated by Licensee as a central point of contact for interaction with the SAP support organization. As a permanent center of expertise, the Customer COE supports Licensee's efficient implementation, innovation, operation and quality of business processes and systems related to the SAP Software Solution based on the Run SAP methodology provided by SAP. The Customer COE should cover all core business process operations. SAP recommends starting the implementation of the Customer COE as a project that runs in parallel with the functional and technical implementation projects.

4.2 Basic Functions of the Customer COE. The Customer COE must fulfill the following basic functions:

- Support Desk: Set-up and operation of a support desk with a sufficient number of support consultants for infrastructure/application platforms and the related applications during regular local working hours (at least 8 hours a day, 5 days (Monday through Friday) a week). Licensee support process and skills will be jointly reviewed in the framework of the service planning process and the certification audit.
- Contract administration: Contract and license processing in conjunction with SAP (license audit, maintenance billing, release order processing, user master and installation data management).
- Coordination of innovation requests: Collection and coordination of development requests from the Licensee and/or any of its affiliates, provided such affiliates are entitled to use the Enterprise Support Solutions under the Agreement. In this role the Customer COE shall also be empowered to function as an interface to SAP to take all action and decisions needed to avoid unnecessary modification of Enterprise Support Solutions and to ensure that planned modifications are in alignment with the SAP software and release strategy.
- Information management: Distribution of information (e.g. internal demonstrations, information events and marketing) about Enterprise Support Solutions and the Customer COE within the Licensee's organization.
- CQC and other remote services planning: Licensee regularly engages in a service planning process with SAP. The service planning starts during the initial implementation and will then be continued regularly.

4.3 Customer COE Certification. Licensee must establish a certified Customer COE upon the later to occur of the following: (i) within twelve months after the Effective Date; or (ii) within six months after Licensee has started using at least one of the Enterprise Support Solutions in live mode for normal business operations. To obtain the then-current primary Customer COE certification or re-certification by SAP, the Customer COE undergoes an audit procedure. Detailed information on the initial certification and re-certification process and conditions, as well as information on the available certification levels, is available on SAP's Customer Support Website (<http://support.sap.com/ccoe>).

5. Enterprise Support Fees. SAP Enterprise Support Fees shall be paid annually in advance and shall be specified in appendices or order forms under the Agreement.

6. Termination

6.1 SAP Enterprise Support may be terminated by either party with three months' written notice (i) prior to the end of the Initial Term and (ii) thereafter, prior to the start of the following renewal period. Any termination provided in accordance with above will be effective at the end of the then-current SAP Enterprise Support period during which the termination notice is received by the respective party. Notwithstanding the forgoing, SAP may terminate SAP Enterprise Support after one month's written notice of Licensee's failure to pay Enterprise Support Fees.

6.2 Notwithstanding Licensee's rights under Section 6.1, and provided Licensee is not in default of any obligations under the Agreement, Licensee may select SAP Standard Support with three months' written notice to SAP either (i) with respect to all orders for support that are solely on a calendar year renewal basis, prior to the start of the renewal period that follows the Initial Term that commenced as of Licensee's first order for SAP Enterprise Support; or (ii) with respect to all orders for support that are not solely on a calendar year renewal basis, prior to the start of the first renewal period in any calendar year that follows the Initial Term that commenced as of Licensee's first order for SAP Enterprise Support. Such selection shall be stated by Licensee in the notice letter, and shall terminate SAP Enterprise Support effective with the commencement of SAP Standard Support. Any such selection shall apply to all Enterprise Support Solutions and shall be on SAP's then-current terms and conditions for SAP Standard Support, including without limitation pricing. SAP and Licensee shall execute an amendment or other document to the Agreement memorializing Licensee's selection and SAP's then-current terms and conditions.

6.3 For the avoidance of any doubt, termination of SAP Enterprise Support or selection to enroll in another type of SAP Support Services by Licensee pursuant to Support Services selection provisions under the Agreement shall strictly apply to all licenses under the Agreement, its appendices, schedules, addenda and order documents and any partial termination of SAP Enterprise Support or partial selection of SAP Enterprise

Support by Licensee shall not be permitted in respect of any part of the Agreement, its appendices, schedules, addenda, order documents or this Schedule.

7. Verification. To check the compliance with the terms of this Schedule, SAP shall be entitled to periodically monitor (at least once annually and in accordance with SAP standard procedures) (i) the correctness of the information Licensee provided and (ii) Licensee's usage of the Solution Manager Enterprise Edition in accordance with the rights and restrictions set out in Section 2.4.

8. Reinstatement. In the event Licensee elects not to commence SAP Enterprise Support upon the first day of the month following initial delivery of the Enterprise Support Solutions, or SAP Enterprise Support is otherwise terminated pursuant to Section 6 above or declined by Licensee for some period of time, and is subsequently requested or reinstated, SAP will invoice Licensee the accrued SAP Enterprise Support Fees associated with such time period plus a reinstatement fee.

9. Other Terms and Conditions.

9.1 The scope of SAP Enterprise Support offered by SAP may be changed annually by SAP at any time upon three (3) months' prior written notice.

9.2 Licensee hereby confirms that Licensee has obtained all applicable licenses for the Licensee Solutions.

9.3 In the event that Licensee is entitled to receive one or more services per calendar year, (i) Licensee shall not be entitled to receive such services in the first calendar year if the Effective Date of this Schedule is after September 30 and (ii) Licensee shall not be entitled to transfer a service to the next year if Licensee has not utilized such service.

9.4 FAILURE TO UTILIZE SAP ENTERPRISE SUPPORT PROVIDED BY SAP MAY PREVENT SAP FROM BEING ABLE TO IDENTIFY AND ASSIST IN THE CORRECTION OF POTENTIAL PROBLEMS WHICH, IN TURN, COULD RESULT IN UNSATISFACTORY SOFTWARE PERFORMANCE FOR WHICH SAP CANNOT BE HELD RESPONSIBLE.

9.5 In the event SAP licenses third party software to Licensee under the Agreement, SAP shall provide SAP Enterprise Support on such third party software to the degree the applicable third party makes such support available to SAP. Licensee may be required to upgrade to more recent versions of its operating systems and databases to receive SAP Enterprise Support. If the respective vendor offers an extension of support for its product, SAP may offer such extension of support under a separate written agreement for an additional fee. If the vendor does not provide the support services required by SAP any more, SAP has the right to give reasonable notice of at least three months effective at the end of a calendar quarter of extraordinary and partial termination on the contractual relationship for support for the third party software concerned.

9.6 The parties agree the terms of the then current Personal Data Processing Agreement for SAP Support and Professional Services ("DPA") found at <https://www.sap.com/about/agreements/data-processing-agreements.html?tag=agreements:data-processing-agreements/support-professional-services> apply to the Support Services and any other professional services SAP may provide to Licensee.

9.7 SAP Enterprise Support is provided according to the current maintenance phases of SAP software releases as stated in <http://support.sap.com/releasestrategy>.
