Subject: "Monetary Threshold – Eviction for Non-payment of Rent"

To:

la city attorney,

you proposed a 1month "Monetary Threshold – Eviction for Non-payment of Rent"

1. you are out of touch with constituents whom you are to serve. it needs to be much more than this.

2. i'm trying to find this threshold. which website shows the Los Angeles 1-bedroom metro area rent set annually by the U.S. Department of Housing and Urban Development

3. i have a friend who will also become homeless due to eviction. she rents a studio apartment, does that website provide info for studio apartments? if not, should she follow the 1bedroom threshold (which i'm assuming is the smallest size)

4. does everyone follow the same threshold. for example, my children and i live in a 3bedroom, do we follow the 1bedroom threshold?

has anyone ever told you; you are out of touch with constituents whom you are to serve. it needs to be much more than this.
