Comments for Public Posting: I urge the City Council to approve this motion regarding Lulu's Place. I am a resident of Westchester and have three adult children and 4 grandchildren and their families who live here as well. Our Westchester/Playa Del Rey area is in dire need of more recreational facilities. We have eight tennis courts in Westchester Park, and they are nearly always full. Local parochial schools that do not have tennis courts or soccer fields really need the facilities Lulu's place will offer. Lulu's place will be a high quality tennis center for communities surrounding Westchester as well, such as Inglewood and the surrounding areas, and will offer many programs for youth far and wide. Thousands of our residents lost their homes by adverse condemnation in order to make room for LAWA to build the north runway of LAX. It was LAWA's formal agreement with the community that the land where the homes that were within the noise contours of LAX were condemned would be replaced with open space, athletic fields, and some commercial/mixed-use. Our community has waited so long for an organization like the one behind Lulu's place would build a project like this in our community. Thank you so much for your consideration. Please vote "yes" on this motion for Westchester/PDR children and for children from throughout the region. Thank you. YES on LULU's PLACE

Comments for Public Posting: As a Playa del Rey resident, I'm writing to voice my enthusiastic support for the proposed plan to build Lulu's Place at LAX Northside. As a parent, I believe that we should do everything possible to support our kids and help them reach their goals. Lulu's Place will bring amazing sports facilities, soccer fields, after-school enrichment programs, homework help, SAT/ACT prep, and college application support -- all for little or no cost to local families. This is an amazing opportunity that I urge you to support. Sincerely, Lisa G. Playa del Rey Resident
