Comments for Public Posting: As a resident of Los Angeles I respectfully urge the board to rescind/end the Covid 19 Mandates ENTIRELY. We know being vaccinated, partially vaccinated or not, you can still get Covid. We also know the "Covid Vaccines" do not prevent the spread of Covid. To continue with these mandates in any form is not only wrong but unethical, unjust, unwise and costly. Thank you.

Comments for Public Posting: What started under genuine fear and concern for public safety, quickly became forced control at the federal, state and local levels. All the while touting "follow the science" which later was proven to be no more than a "house of cards". Those who stood up for their beliefs and rights were the first to be aggressively silenced via punitive removal. Many being told ironically that they failed to demonstrate a sincere religious belief, chose their belief over their employment and well being. As elected officials placed into positions to do what's best for the City and its citizens, I challenge you to regain our trust, to stand up for what's right, and to put an end to what your heart is already telling you is wrong. Do not give in to manipulative political pressure or concerns for financial downfalls. End the testing requirements, and end all mandate requirements immediately. Do what you know is right and allow the City, and it's employees to heal and move forward. Thank you

Comments for Public Posting: The city has caused so much harm to its citizens through these mandates and each day that passes without the attention needed to remove them is another day of continued willful ignorance. Admit you were wrong and apologize to those you caused harm to, and fired or removed. The city discriminately removed those people that spent their lives serving Angelenos. Please bring them back- they fought for what was right and lawful and served with pride. All of those you wronged had exemplary records and served with diligence. The community of Los Angeles deserves better and now that this mandate has now been proven to be pure discrimination and invalid in its roots, it must be part of our past. I urge the City to correct its path and be on the correct side of history - lead this Nation correctly for all to see. I implore our city to stand up and forgo ignorance in the light of truth.

Comments for Public Posting: Please vote to completely rescind the discriminatory mandatory testing required for unvaccinated city employees. There should be no possibility of this type of blatant discrimination ever being reinstituted in our city. It opens us up to costly discrimination law suits as it is clearly and blatantly discriminatory. The vaccine mandates should never have been put in place to begin with as they violate basic human rights to bodily autonomy and freedom of choice. Thank you for your time and consideration.

Comments for Public Posting: Rescind the Covid Vaccine Mandate for current and future employees. Having been refused service within city limits during your illicit "Emergency Response" does not change my stance but only strengthens it. You preach anti-discrimination in all training and workshops yet scream it from the rooftops when it comes to this Mandate. Do the right thing and I abhor you to be on the right side of American History when the dust settles.

Comments for Public Posting: Testing must completely be suspended and NEVER!!NEVER!! be reinstated and any mandates must be completely rescinded and buried. This must never be reassessed by any means whatsoever. You must reimburse all costs to anyone who incurred costs due to theses unconstitutional mandates. I pray that God Almighty touches your heart and you do the right thing.

Comments for Public Posting: There should be no mandated covid vaccines for city employees. The vaccine has been proven not to work on preventing the virus from infection or spread. It should be up to the individual to receive an unproven, untested, possibly hazardous vaccine.

Comments for Public Posting: CITY OF LOS ANGELES COUNCIL MEMBERS, END TESTING AND THE EMPLOYEE COVID-19 VACCINE MANDATE IN ITS ENTIRETY FOR ALL AND FUTURE EMPLOYEES. THIS NONSENSE TO FORCE OR COERCE INDIVIDUALS TO VACCINATE WITH AN INEFFECTIVE VACCINE FOR SOMETHING THAT HAS 99% SURVIVABILITY IS PURE IGNORANCE. VACCINATED AND BOOSTED CONTINUE TO GET COVID-19 AND DIE AT A MUCH HIGHER RATE THAN THOSE THAT ARE NOT. WAKE UP COUNCIL MEMBERS!!! ORDINANCE 187134 HAS TO BE RESCINDED EFFECTIVE IMMEDIATELY AND SHOULD NEVER BE ALLOWED EVER AGAIN. IF YOU CONTINUE TO IGNORE WHAT IS HAPPENING ONLY YOU ARE CREATING A GREATER LIABILITY FOR OUR CITY AND CULPABILITY. BE THE LEADERS YOU WERE ELECTED TO BE AND LET OUR CITY AND ITS PEOPLE MOVE FORWARD. END THE MANDATE!!

Comments for Public Posting: The memo from the mayor is not enough! Why are we still even subject to the mandate. Medical has proven that it is not safe and effective. The unions have responded! The employees have to jump thru hoops to keep a job they love doing! The public is suffering because services can not be offered like promised by elected officials! LA is unsafe in many ways! Let the people serve the public! Many of the employees impacted by this mandate have served well for the city for YEARS! Do the right thing and rescind the mandate completely! Do the right thing from the start! Not half way! The memo from mayor bass is not enough! Support the previous council member Busciano and approve his motion! Put it on agenda to take back all components of this requirement!
