Comments for Public Posting: I strongly support the proposed restaging of ‘ArroyoFest’. In 2003 this event gave Angelenos a genuinely unique opportunity to connect with their neighbors along the historic Arroyo Seco Parkway. Twenty years later the issues that this wonderful event elevated are just as relevant as ever: safe mobility, clean air, watershed conservation, and sustainable communities. Please help bring ‘open streets’ back to Northeast LA for the first time in two decades.

Comments for Public Posting: As President of the Temple Beth Israel of Highland Park and Eagle Rock, I am in strong support of the return of ArroyoFest. Events like ArroyoFest provide a deep sense of community and pride for residents of Highland Park. This event also deeply aligns with some of our 100 year old institutions core values such as "Tikun Olam" which is "repairing the earth" - how we can live more sustainably by learning about the impact to our local resources. Please consider bringing back this fun and educational community event so that all of us in Highland Park can get out and enjoy our open roads and spaces together. Shalom and Thank you for your time.

Comments for Public Posting: Support ArroyoFest: I strongly support the Arroyo Fest. I took my oldest son, then age 4 to the event. It was very wonderful and gave me a chance to learn more about the Arroyo Seco and the historic Arroyo Seco Parkway. Since that time, my sons and I enjoy the Arroyo almost daily, riding our bikes on the Bike Path. It was where both my sons learned how to bicycle. We can be found most days taking a walk or biking in the Arroyo. We enjoy the trees, wildlife and seeing our neighbors. This is a great way for our community to get to know more about the Arroyo Seco. I strongly urge you to support this family event. That everyone in our community can enjoy.
