**Comments for Public Posting:** Please do NOT allow any more expansion of the VNY airport under any circumstances. Please mandate that any proposals for VNY's further development, offers to extend leases, sales of land, or purchases of land, require a minimum time frame for community input as well as public announcements directed to the community offering FULL, CLEAR, TRANSPARENT information and how to provide that input. Please also require that all such development be subject to EPA environmental impact reviews, educational impact reviews on all schools within the noise impact areas, and flight path reviews by INDEPENDENT aviation experts not appointed by VNY, BOAC, or the FAA. Please also mandate that ALL Neighborhood Councils impacted by regional airports create Airport Committees so that neighbors can address their airport concerns and mandate that both BOAC and the VNYCAC have voting representation from those committees.
