Comments for Public Posting: I strongly support preserving Senderos Canyon in its natural and pristine state. The people of Los Angeles recently came out in droves to celebrate the life of our 'celebrity panther' P-22. Including Senderos Canyon as part of California's 30x30 Plan would work in conjunction with the cities new Wildlife Ordinance to provide a safe environment for the wildlife that Angelinos clearly love.

Comments for Public Posting: The Bowmont/Hazen/Briarcrest Coalition members signed below endorse and support Councilmember Yaroslavsky's call for the city to purchase Senderos Canyon to protect the hillsides, environment and community. We sincerely hope the appropriate departments can mobilize and save this precious open space before it is too late. The purchase of this land serves a greater good for the citizens of Los Angeles and the environment. Sincerely, Marcia Lewis Smith Mark J.
