**TRANSMITTAL: AMEND 48<sup>th</sup> PROGRAM YEAR 2022-23 CONSOLIDATED PLAN TO REPROGRAM COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) TO ACCELERATE SPENDING CDBG FOR TIMELINESS, RESOLVE REDUCED CDBG PROGRAM INCOME PROJECTIONS, ALLOCATE HOME INVESTMENT PARTNERSHIPS PROGRAM (HOME) PROGRAM INCOME, AND AMEND 2020-21 CONSOLIDATED PLAN TO REPROGRAM CDBG CARES ACT**

### **SUMMARY**

The General Manager of the Los Angeles Community Investment for Families Department (CIFD) respectfully requests that you review this transmittal and forward it to the appropriate committee for further consideration. As requested by the City Council in its approval of the 48<sup>th</sup> Program Year 2022-23 (PY 48) Housing and Community Development Consolidated Plan (Con Plan) Budget recommendations (CF 21-1186-S1), CIFD in consultation with the Mayor's office and the Chief Legislative Analyst is presenting recommendations for reprogramming. The reprogramming recommendations will accelerate spending for the Community Development Block Grant (CDBG) timeliness requirement, resolve reduced CDBG program income, allocate HOME Investment Partnerships Program surplus program income as an amendment to the PY 48 Con Plan. Recommendations for reprogramming the CDBG Coronavirus Aid, Relief, and Economic Security (CARES) Act of 2020 funds will accelerate spending for the federal deadline and amend the CARES Act PY 46 2020-21 Con Plan.

### **RECOMMENDATIONS**

That the City Council, subject to the approval of the Mayor:

- I. APPROVE the reprogramming of \$15,716,987.00 in CDBG funds and the reprogramming projects as detailed in Tables 1, 2, 3, and 4 below, in Attachment 2–CDBG Funding to be

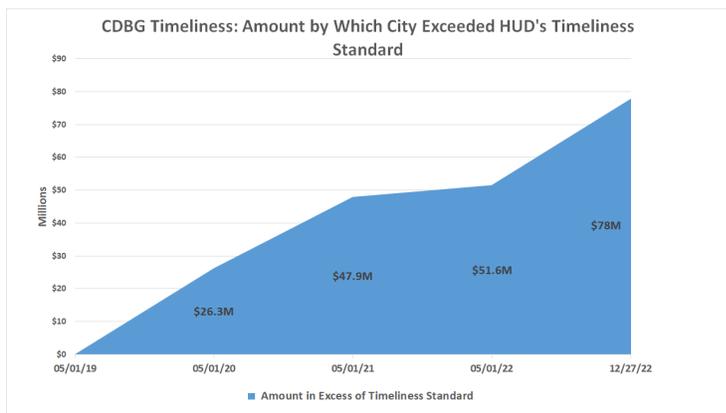

- Reprogrammed, and Attachment 7–PY 48 Revenues and Allocations, as an amendment to the PY 48 Con Plan.
- II. APPROVE the reprogramming of \$18,094,969.89 in HOME Investment Partnerships Program (HOME) surplus program income as detailed in Table 5 below, as an amendment to the PY 48 Con Plan.
  - III. APPROVE the reprogramming of \$5,300,000.00 in CDBG CARES Act (CDBG-CV) funding as detailed in Table 6 below, as an amendment to the PY 46 (2020-21) CARES Act Con Plan.
  - IV. INSTRUCT the Chief Legislative Analyst (CLA) with the assistance of CIFD to monitor the expenditure of Tier 1 CDBG funds (see Table 1); and if by April 30, 2023, a Tier 1 project will not be able to expend CDBG funding by June 30, 2023, authorize the reprogramming of the Tier 1 project(s) to designated Tier 2 project(s) and authorize CIFD and other necessary departments to prepare and execute all necessary documents to effectuate the expenditure of these funds, subject to approval of the CLA.
  - V. APPROVE the revised CDBG Future Priority Projects List (Attachment 3) that includes some of the projects recommended for reprogramming to support meeting the CDBG timeliness requirement.
  - VI. AUTHORIZE the General Manager of CIFD, or designee, to prepare and post Substantial Amendments to the PY 48 Con Plan for a 30-day public comment period and to the CDBG-CV PY 46 Con Plan for a five-day public comment period, listing all revisions as detailed in this report, and submit the amendment to the U.S. Department of Housing and Urban Development (HUD) for approval.
  - VII. AUTHORIZE the General Managers, or their designees, of program implementing departments to negotiate and execute contracts, contract amendments, and/or interdepartmental agreements as needed with the grant recipients, as identified in Attachment 5 and throughout this report, and consistent with Council action, in consultation with CIFD as grant administrator, and in substantial conformance with the pro forma agreements for public service activities or construction as provided in CF 06-2366, subject to City Attorney review and approval as to form and review and approval by the Public Works Bureau of Contract Administration as to compliance with the City's contracting requirements.
  - VIII. APPROVE the Controller Instructions included as Attachment 6 and authorize the General Managers, or designees, of program implementing departments to prepare Controller instructions and any technical adjustments consistent with Mayor and City Council actions on this matter, subject to the approval of the CLA, and authorize the Controller to implement these instructions.
  - IX. FIND, in accordance with Charter Section 371(e)(2) and Los Angeles Administrative Code Section 10.15(a)(2), that for the performance of the necessary professional, expert, technical services of a temporary and occasional character, that competitive bidding is not practicable or advantageous.
  - X. FIND, in accordance with Charter Section 1022, that CIFD does not have available in its employ personnel with sufficient time or necessary expertise to undertake the services in a timely manner, and it is more feasible, economical and in CIFD's best interest to secure these services by contract with the entities identified herein.
  - XI. DIRECT CIFD, with the assistance of the Chief Legislative Analyst (CLA), and any other relevant departments, to prepare, negotiate and execute all necessary documents and take all necessary actions to effectuate the implementation of the CDBG-CV activities funded to prepare, prevent and respond to the COVID-19 pandemic. Said documents include but are not limited to Controller's instructions and contract authorities.

XII. INSTRUCT all implementing and partner departments to provide or cause to be provided all project details and information required to clearly document compliance with CDBG grant regulations, as evidence that the project is eligible, ready and meets federal environmental requirements, to be reviewed and approved by CIFD designated staff, in order to secure the grant funding, and to maintain regular progress and timely expenditures in order to retain the grant funding.

**DISCUSSION**

**CDBG Timeliness Requirement**

The federal regulations (24 CFR 570.902) require that all CDBG grantees have a balance no greater than 1.5 times its annual grant remaining in the line of credit 60 days prior to the end of the program year. This has been commonly referred to as the CDBG timeliness test. The

pandemic slowed or stopped progress on nearly all CDBG projects. The City has not met the timeliness test three years in a row, in 2020, 2021 and 2022, and each year the amount in excess has grown, which Figure 1 shows through December 27, 2022.

To meet the CDBG timeliness standard by May 2023, the City would need to expend the estimated amount stated below.

Annual entitlement amount	\$50,929,272
Program income adjusted forecast \$10,033,400 prorated through April 2023	<u>7,525,050</u>
	\$58,454,322
	x 1.5
Estimated amount the City can have on hand to meet timeliness standard	\$87,681,483
As of December 27, 2022, the amount the City had on hand	<u>165,650,858</u>
<b>Amount the City needs to draw down before May 2, 2023</b>	<b>\$77,969,375</b>

Based on the expenditure rate to date, it is highly unlikely that the City will meet the timeliness standard; additional reports will be submitted with further recommendations in the future to support spending to meet timeliness.

**HUD Corrective Action and Sanctions**

HUD temporarily suspended all corrective actions and sanctions regarding timeliness because delays in spending were beyond the control of most grantees nationwide. HUD did not consider timeliness during 2020 and 2021. The City received a warning letter from HUD in July 2022 for exceeding the timeliness standard in May 2022 (see Attachment 1); the ratio was 2.46 at that time, nearly an entire year's worth of funding (0.96) above the required maximum of 1.50. The looming threat of HUD recapturing tens of millions of CDBG dollars is a present reality. The consequences of continuing to exceed the timeliness standard are as follows:

If the City exceeds the maximum allowed 1.5 ratio of funds on-hand:	The City will have to:
May 2023	Submit a corrective action plan to HUD for approval explaining how the City will meet the timeliness standard when next measured in May 2024. A corrective action plan would identify citywide commitments to specific actions to ensure compliance the following year. It is a timely and costly exercise involving coordination with every implementing department citywide. (See CF 15-1090 for a prior corrective action plan.)
May 2024	Consult with HUD headquarters to provide compelling information on how factors beyond the City's reasonable control caused significant delays in spending. If HUD does not accept the City's position, <b>HUD would reduce the City's next grant by the amount that the City exceeded the timeliness standard.</b>

CDBG Reprogramming Recommendations

Reprogramming funds from projects that are significantly delayed, including those that were significantly delayed prior to the pandemic, to projects for the acquisition of property will support spending CDBG on an accelerated schedule and address critical issues. The property acquired can be used for facilities that will deliver services that expand economic opportunities, address poverty alleviation, and homelessness prevention. Acquisition projects must make timely progress in readying the buildings to provide services planned and comply with all federal requirements. In addition to property acquisition, recommendations for reprogramming include funding support for projects that are in process and have gaps in funding. These two recommendations align with the PY 49 (2023-24) Con Plan priorities (CF 22-1205).

Table 1 lists the projects recommended for funding. Tier 2 projects may be funded if any of the Tier 1 projects are not finalized in time. All the projects should help the City reduce the amount in the City's CDBG line of credit and improve the City's position to meet the CDBG timeliness requirement in 2024.

Table 1: Projects for CDBG Timeliness

Project Name	Citywide (Council District)	Up to Amount	Description
<b>Tier 1</b>			
Homeboy Industries Feed Hope (Commissary Kitchen)	Citywide (14)	\$4,130,000	To be added to \$500,000 previously approved. Purchase buildings in Lincoln Heights to convert to job training culinary facility for individuals exiting the criminal justice system.
Pacoima Community Center Rehabilitation (El Nido FamilySource Center) Roof Replacement	Citywide (7)	\$114,000	Replace leaking roof at the FamilySource Center.

St. Francis Hunger Relief Services	Citywide (14)	\$2,550,000	Purchase a building near downtown to expand emergency food provision and wrap-around supportive services to serve more homeless and unstably housed individuals and families.
TUMO Foundation Building Acquisition & Rehabilitation	Citywide (2)	\$2,000,000	Added to \$1 million previously approved to support the purchase of building to create technology training center for low-income youth in South Valley area. <b>Tier 2 Projects in Process Total</b>	<b>\$2,719,000</b>
---	--------------------

Funding to support the above is shown on Attachment 2, and was determined from a thorough analysis and review of projected spending patterns for about 250 open projects. Part 2.B of the attachment lists projects that have not started yet or have made little progress, and in most cases have funding that is two or more years old. Projects have been delayed by not having control of the site for construction, not having a clear scope of work, limited staff capacity, lengthy environmental assessments, and additional reasons that often are outside of the City's control. CIFD recommends that some projects be considered for funding in a future year, subject to resolution of the reasons for the delays, and are included on Attachment 3–CDBG Future Priority Project List.

The Mayor's office will consult with Councilmembers and other relevant City departments concerning future opportunities for acquiring property with CDBG to respond to the Mayor's Declaration of Emergency regarding homelessness (CF 22-1545). Future reports with recommendations for additional reprogramming are expected to further resolve delayed CDBG spending, address compliance with the CDBG timeliness requirements, and support citywide priorities for housing and community needs.

#### Long-term Strategy for CDBG Timeliness

Funding projects that are not ready to proceed and spend in a timely manner is not sustainable for the long-term. The PY 49 (2023-24) Mayor's report (CF 22-1205) includes Attachment 3–CDBG Expenditure Policy and Guidelines, which is an update to a 2003 version of the policy. The policy was developed and revised as a result of not meeting the timeliness standard in 2000, 2007 and 2015, struggling to meet the standard in most other years, spending \$8.9 million of local funds to resolve HUD monitoring findings (CF 17-1392; 20-1303), and updating procedures to resolve special conditions from HUD. The revised policy strengthens project selection criteria and monitoring processes to prevent similar occurrences. Implementation and enforcement of the updated CDBG Expenditure Policy will help ensure an effective CDBG program that complies fully with federal requirements and achieves meaningful results for Angelenos.

#### CDBG Program Income Projections

As part of the approval of the PY 48 Con Plan, City Council instructed CIFD to report on program income receipts. CDBG program income is forecasted approximately two years before the end of the program year when the actual program income receipts are received, using a model based on a number of factors, including the economic climate. The forecast provides optimistic, moderate and conservative projections, and Con Plan budgeting uses the conservative projection.

The actual program income receipts for PY 47 (2021-22) were less than projected by about \$3 million, which causes the budget to be over allocated for PY 47, which has to be corrected. Current year (PY 48) program income projections have been updated recently and are lower than initial projections by about another \$3 million, which also causes the PY 48 budget to be over allocated. CDBG borrowers are vulnerable to economic volatility and have been affected by the unpredictable impact of COVID-19, as the whole economy has been affected.

Program income amounts and the resulting over allocations are shown on Attachment 4–CDBG Resources and Expenditure Limitation Detail. The decrease in program income also has an effect on categories with spending limitations (caps) and Tables 2 and 3 show changes needed in the

funding categories to comply with grant regulations; Table 4 describes other actions needed to resolve the over allocation.

Spending Limitation Caps—Public Services

Council instructed CIFD to monitor public services expenditures against the PY 48 statutory spending caps and report with recommendations for necessary adjustments if it is anticipated the cap would be exceeded. The total amount of CDBG funds allocated for public services cannot exceed 15% of the current annual grant and the program income received during the prior year.

Because of the decreased program income received, the cap on public services decreased from \$11,760,000 to \$10,876,000 (see Attachment 4). The net decrease for programs is \$750,837, due to some space being left in the funding cap when the program year was budgeted. Funding for four public services programs totaling \$1,506,898 will remain as approved, and a PY 47 program, Durable Medical Equipment for People with Disabilities (DME), funded at \$75,000 in PY 47 will instead be funded at \$57,782 as part of the current year. Extra time was needed for the DME program to establish and implement the new service for unhoused persons, so the moving of the funds from last program year to the current year will not have a negative impact. In the corrections below to ensure programs continue to meet community needs, CDBG-CV funds will be allocated to CIFD programs, as shown on Table 2. Additional documentation will be required from the programs, in accordance with the CARES Act.

Spending Limitation Caps—Planning and Administration

Council instructed CIFD to monitor administration expenditures against the PY 48 statutory spending cap and report with recommendations for necessary adjustments if it is anticipated the cap would be exceeded. The total CDBG funds allocated for administration cannot exceed 20% of the current annual grant and the program income received during the current year.

As a result of the decreased program income forecast for PY 48, the administration cap decreased by \$606,000 from \$13,497,000 to \$12,891,000 (see Attachment 4). CDBG administration includes annual HUD-mandated Fair Housing efforts, a consultant to prepare the 5-Year 2023-27 Plan due May 2023, and City department staffing. Recommendations to address the decreased cap are shown in Table 3 below.

**Allocation of HOME Program Income**

While last year’s CDBG program income yielded a deficit compared to projections, the HOME Investment Partnerships Program (HOME) collected \$18.1 million more in program income than anticipated. HOME supports the development of affordable housing throughout the city and is implemented by the Los Angeles Housing Department (LAHD). HOME borrowers are larger housing development nonprofit corporations. Table 5 shows how the surplus HOME program income will be allocated.

<b>Total</b>	<b>\$18,094,969.89</b>

Attachment 7–Revised PY 48 Revenues and Allocations reflects the above CDBG and HOME revisions.

**CDBG-CV 80% Expenditure Deadline**

Through the Coronavirus Aid, Relief, and Economic Security Act of 2020 (CARES Act), HUD awarded the City \$71,129,782 as one-time supplemental CDBG-CV funds for CDBG-eligible activities to prevent, prepare for, and respond to the coronavirus. HUD requires that the City spend 80%, or \$56.9 million, by January 2024, or the amount that exceeds 80% will be cancelled by HUD and lost to the City. As of January 10, 2023, the City has drawn down \$34.2 million or 48% of the funds received. In addition to spending \$78 million in regular CDBG as discussed above, the City must also spend another \$22.7 million in CDBG-CV funds in about one year to meet the CDBG-CV 80% expenditure requirement.

The projects listed in Table 6 below are recommended for reprogramming and funding. Projects receiving funding should expend the funds by December 2023 and would help the City with meeting the CDBG-CV 80% expenditure requirement. Reprogrammed projects were determined from a thorough analysis of projected spending patterns for 16 open projects. After the analysis, projects with significant delays or those that have other resources were identified for reprogramming of funds.

Abigail Marquez, General Manager  
 City of Los Angeles  
 1200 W. 7th Street  
 Los Angeles CA 90017

Dear Ms. Marquez:

**SUBJECT:** Noncompliance with Timely Expenditure Requirements;  
 Community Development Block Grant (CDBG) Program

The purpose of this letter is to advise you that the City of Los Angeles is not carrying out its Community Development Block Grant (CDBG) program in a timely manner and that continued noncompliance may result in sanctions, including the loss of funds and other corrective actions. As required by 24 CFR 570.902 of the CDBG regulations, this office reviewed City of Los Angeles for compliance with requirements for carrying out a CDBG Program in a timely manner. A grantee is considered to be in compliance if, 60 days prior to the end of its program year, the balance in the grantee's line of credit, plus the balance of program income on hand, is not more than 1.5 times the most recent entitlement grant. Program income includes funds that a grantee may have in one or more revolving loan funds (RLF), referenced as "RL" funds in the Integrated Disbursement and Information System (IDIS). Collectively, these fund balances are referred to as the adjusted line of credit balance.

The City of Los Angeles has a July 1 Program Year Start Date. When the 60-day test was conducted on May 2, 2022, it was calculated that your community had an adjusted line of credit balance of 2.46 times its annual grant. Accordingly, HUD has determined that your community is in non-compliance with the CDBG program timely performance requirements.

In accordance with the Department's October 21, 2021, memo, *Restarting the Corrective Actions Process for Untimely Expenditure*, the City of Los Angeles has 12 months, until its next 60-day test, to reach the 1.5 timeliness standard. Failure to meet the standard by that date will require the City of Los Angeles to submit a workout plan. The HUD Los Angeles Field Office looks forward to working with you to ensure that you will meet the next timeliness test. Please note the following four resources, a technical assistance video along with three brochures located on the HUD Exchange website, that are available to assist you in your efforts to comply with HUD's timeliness standards:

- ***"CDBG Timeliness and Best Practices to Achieve Timely Performance,"***  
<https://www.youtube.com/watch?v=6z4wdiKJPG8&feature=youtu.be>

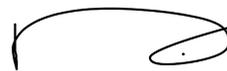

- ***“Developing and Implementing a CDBG Workout Plan,”***

- ***“Keeping Your CDBG Funds Moving,”*** and

- ***“Ensuring CDBG Subrecipient Timeliness.”***  
<https://www.hudexchange.info/resources/documents/Ensuring-CDBG-Subrecipient-Timelines.pdf>

These resources provide guidance for keeping your CDBG program timely and will strengthen your community’s program management capacity. The IDIS PR56 - CDBG Timeliness Report is a helpful tool for keeping track of your drawdown progress. IDIS will calculate a current drawdown ratio and the exact dollar amount you will need to draw down to reach the 1.5 standard.

By way of final reminder, HUD notes that pursuant to Section III.B.7.(b) of *Federal Register* Notice FR-6218-N-01, ***Program Rules, Waivers, and Alternative Requirements Under the CARES Act for Community Development Block Grant Program Coronavirus Response Grants, Fiscal Year 2019 and 2020 Community Development Block Grants, and for Other Formula Programs***, CDBG Cares Act (CDBG-CV) funds are not included in determining compliance with CDBG timely expenditure requirements. Pursuant to Section III.B.6.(a) of the Notice, however, program income generated by the use of CDBG-CV funds is treated as program income to a grantee’s annual formula CDBG program. Therefore, program income generated from CDBG-CV activities will be included in timely expenditure compliance determinations for each grantee’s annual formula CDBG program. Grantees should consider the potential effects of additional program income on compliance with timeliness requirements applicable to their annual formula CDBG grant program when they select and design CDBG-CV-assisted activities.

HUD appreciates the many efforts made by our grantees to continue carrying out their programs during this challenging time. My staff and I remain available to assist you in any way possible to help you achieve compliance. Should you have any questions pertaining to this matter, please feel free to contact Ester Dela, Program Manager, at 213-534-2545 or [Ester.F.Dela@hud.gov](mailto:Ester.F.Dela@hud.gov).

Sincerely,

\* These amounts are divided between the new Community Investment for Families and Housing Departments as of August 2021. See Financial Status Reports.

\*\* Projects were funded at higher amounts in prior years. Change in PY47 reflects only a portion of project funding.

Note: Amounts in PY 47 CDBG that appear to be negative represent reprogramming of funding awarded in the prior PY 46 (2020-21).
