Minwoo Park, Consul at the Korean Consulate General in LA The Hung Sa Dahn founded by Dosan Ahn Chang-ho used the current building from 1929 to 1979. Dosan Ahn Chang-ho's human rights, tolerance, and integration spirit still flow through the spirit of the Korean people. This is also in line with the universal values of humanity such as human rights, freedom, and equality that the United States currently pursues. In this sense, it is worth not only the history of the Korean independence movement but also an important historical and cultural heritage of the United States. After that, we will all work together to make it a historical and cultural heritage at the federal level of the United States. This year marks the 120th anniversary of Korean immigration to the U.S. and the 70th anniversary of South Korea-U.S. alliance. So the designation of Hung Sa Dahn as LA City's Historic Cultural Monument will be a great present to our Korean community. Thank you.
