**Comments for Public Posting:** I support Council File No 22-0268 in order to streamline reviews for affordable housing. We have experienced non-profit clients who intentionally 'down-size' projects to bypass this review due to the extended time and delay it causes. Site plan review is not needed due to the myriad of other codes, requirements, plan check sign-offs, regulations and community meetings -and affordable housing is a critical need for our city. Thank you for approving this first step and we look forward to additional streamlining measures!
