**Comments for Public Posting:** Your premise fails immediately given your conflating immigrant vs illegal alien. A difference with a major distinction. This is easy for you to champion, given your socialist views and positions of privilege. But ironically, taken to it's logical conclusion, you will be marching us towards the very hellhole these so called immigrants are fleeing while you stand safe in your castles. With your fetish of criminals, drug addicts, the mentally ill, felons, repeat felons, homeless vagrants, entitled youth, corrupt public employee unions, anyone who is so called marginalized, blaming everything on race, those suffering gender dysphoria, open borders, absurd climate ideology, Marx, Mao, Castro, authoritarians, lockdown, riots (for your cause), worthless public transportation,...with your hatred of property owners, self made persons, meritocracy, businesses, cars, self determination, free thought, free speech, parental rights, school choice, the right to be secure in one's home, upward mobility, dissent (from your views), armed law abiding citizens, hatred of law enforcement... you are Maximilien Robespierre. The crocodile is coming for you too.
