**Comments for Public Posting:** Please grant The Pacific Dining Car and it's grounds Historical Preservation status. The Pacific Dining Car is an institution in Los Angeles, a common thread that connects generations. My own family has enjoyed great times, bonding at some critical junctures in our lives, oddly more than a couple of times having a friendly face at all hours of the day has been a true gift in our lives. Please allow the Pacific Dining Car to continue bringing joy, connection, and the great food that ties those all together to generations yet to come. Let not the final chapter be writ, but only the first page of a new chapter.
