**Comments for Public Posting:** I live in a SRO property. We currently have no security on site. We have to call for security, which can take up to 10 minutes or more to come. Our glass front door is constantly being cracked or shattered. Currently the front door has big cracks in it. Been that way for 2 weeks now. Hasn't even been fixed yet. Homeless are often found wandering the building. They vandalize everything they can. They do their drugs in the stairwell and leave piles of trash. There have been multiple run-ins with the homeless by residents. Homeless stand by the front door all the time just waiting to slip in. It's very unsafe here. It isn't fair to us that pay our rent on time. We should feel safe. I propose a security guard placed at each and every property.
