Comments for Public Posting: John is a great candidate for our city's planning commission. He spends time getting to know people at numerous community organizations and has a pulse on the politics of development and the neighborhood, city, and state level. He is a real estate professional who understands the realities and motives of developers and will work to find nexus between practical and progressive. John has been a great public servant on our local Crenshaw Design Review Board and will assuredly serve the city in its entirety well.

Comments for Public Posting: Dear Honorable Mayor Karen Bass and Councilmember Marqueece Harris-Dawson: This correspondence is to express my support for the appointment of John Gonzales to the City of Los Angeles Planning Commission. As an active community member, I have attended several City Planning Board Hearings where Mr. Gonzales maintained an objective overview of proposed developments to insure consistency with applicable City guidelines and policies. Additionally, Mr. Gonzales listened to community concerns and addressed them based on established City zoning parameters, applicable policies and the community's expressions of livable conditions and essentials. Finally, Mr. Gonzales' appointment to the Planning Commission would bring added equality for proper land use decisions in Los Angeles as a result of his knowledge and concern for the communities at-large in Los Angeles communities. In complete support! Chandra Mosley, Community Advocate
