Comments for Public Posting: To all LA City Council Members and to the LA City Council Public Safety Committee re: 23-0194 WoMen Against Gun Violence (501c3), a gun violence prevention organization serving Los Angeles, the State of California, and the nation for 30 years, strongly supports 23-0194. Gun violence restraining orders save lives but are underused where appropriate due to lack of information. We appreciate the Council's efforts to share this critical life-saving information and to compile the data that will make efforts more effective. We urge a yes vote by the Public Safety Committee.
