**Comments for Public Posting:** My name is Kevin Scott, I live in Highland Park in CD1, and am a pro-housing advocate and do work with Abundant Housing LA. The severe shortage of housing and particularly affordable housing in Los Angeles is an issue that affects all Angelenos, but especially that enormous portion of renters who are rent-burdened. Measure ULA has the potential to funnel desperately needed funds to affordable housing projects, which continue to not be built at the rate necessary to fix the crisis. I believe it's important that council adopt the recommendations put forth by the ULA campaign, so that the city can immediately begin utilizing ULA dollars. Any further delay goes against the overwhelming mandate given to the City by voters to address homelessness prevention. Thank You
