Comments for Public Posting: Many thanks to the Council for considering this important matter. I have lived in Los Angeles for over 30 years, and I strongly support the appeal. I live quite close to the West Pico Drill Site. For many years, I have been very concerned about the Drill Site and the unpleasant odor that it constantly emits. I respectfully request that the City take the following actions: (1) Follow its own laws on the regulation of oil drilling, (2) Follow the State's CEQA law, and (3) Follow the City's own CEQA guidelines. Again, as a long-term Los Angeles resident, I strongly support the appeal.
